ABSTRAK

Penelitian ini bertujuan untuk mendeskripsikan dan menjelaskan (1) perencanaan sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada, (2) pengadaan sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada, (3) penggunaan sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada, (4) pemeliharaan sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada, (5) inventarisasi sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada, (6) pemusnahan sarana dan prasarana laboratorium biologi di SMA Negeri 1 Sukasada. Penelitian merupakan penelitian deskriptif kualitatif. Teknik pengumpulan data yang digunakan adalah observasi, wawancara dan studi dokumen. Keabsahaan data diuji menggunakan triangulasi teknik. Selanjutnya, data dianalisis menggunakan teknik deskriptif kualitatif. Hasil penelitian ini menunjukkan bahwa (1) pengelolaan prasarana laboratorium biologi di SMA Negeri 1 Sukasada sudah terlaksana dengan optimal dan pada pengelolaan sarana belum terlaksana dengan optimal, khususnya pada aspek pengadaan, penggunaan, pemeliharaan, dan pemusnahan, yang belum efektif (2) terdapat hambatan pada pengelolaan sarana dan prasarana laboratorium biologi, yaitu a) keterbatasan dana, b) kurangnya tenaga ahli yaitu laboran, c) sulitnya mencari tempat pembuangan limbah sisa praktikum. Solusi yang dilakukan adalah a) kebutuhan yang paling penting diprioritaskan terlebih dahulu, b) guru biologi dan kepala laboratorium saling membantu dalam melaksanakan tugas dalam pengelolaan laboratorium biologi, c) membuang limbah sisa praktikum jauh dari lingkungan warga dan sekolah.

Kata Kunci: Sarana Dan Prasarana, Laboratorium Biologi, Pengelolaan.

***EFFECTIVENESS OF THE MANAGEMENT OF BIOLOGY LABORATORY
FACILITIES AND INFRASTRUCTURE IN SMA NEGERI 1 SUKASADA***

ABSTRACT

This research aimed to describe and explain (1) planning of biological laboratory facilities and infrastructure at SMA Negeri 1 Sukasada, (2) procurement of biological laboratory facilities and infrastructure at SMA Negeri 1 Sukasada, (3) use of biological laboratory facilities and infrastructure at SMA Negeri 1 Sukasada, (4) maintenance of facilities and infrastructure for biology laboratory at SMA Negeri 1 Sukasada, (5) inventory of facilities and infrastructure for biology laboratory at SMA Negeri 1 Sukasada destruction of facilities and infrastructure for biology laboratory at SMA Negeri 1, (6) destruction of facilities and infrastructure for biology laboratory at SMA Negeri 1 Sukasada. This research is a qualitative descriptive study. The research data was collected through observation, interviews and documentaion. The validity of the data was tested using triangulation of techniques. Then, the data were analyzed using qualitative descriptive techniques. the results of this research show (1) the management of biology laboratory infrastructure at SMA Negeri 1 Sukasada has done been optimally, however to facilities not been carried out optimally, especially in the aspects of procuring, utilizing, maintaining, and disposing, not yet effective (2) there are obstacles managing facilities and infrastructure biology laboratory, were a) limited funds, b) lack of experts, namely laboratory assistants, c) difficulty in finding a place for disposal of practicum waste. The solution taken is a) the most important needs are prioritized, b) biology teachers and laboratory heads helping each other in carrying out tasks in biology laboratory management, c) disposing of practicum waste away from the community and school environment.

Keywords: Infrastructure, Biology Laboratory, Management.
