ACKNOWLEDGEMENT

The completion of this undergraduate thesis will not be possible without the support of others. Therefore, I would like to address my gratitude. First of all, to the Almighty God, *Ida Sang Hyang Widhi Wasa* who guide me up to this point and make things possible. My deep appreciation also goes to:

1. Prof. Dr. Ni Nyoman Padmadewi, M.A., as my first supervisor and Dr. I G A Lokita Purnamika Utami, S.Pd., M.Pd., as my second supervisor whose patience, expertise, encouragement, and guidance have kept me focused on finishing this thesis. I could not thank them enough for their dedication and guidance.
2. My family who always prayed for me, be there whenever I needed, listened to whatever complaints I had, and supported me to take the best decision. Without their support, this thesis would not be able to finish in time.
3. My friends who supported me in the completion of this thesis. Even a single, supportive word from them meant a lot to me.
4. The teachers at SMAS Candimas Pancasari who had been so kind to accept my proposal to conduct the research and provided the information needed for the thesis.
5. My gratitude also goes to IX-B students who had participated in the research and helped the completion of this study.

The author is fully aware that what is presented in this thesis is still far from perfect because of the limitations of the author's abilities. Therefore, the author expects all constructive criticism and suggestions from various parties. The author hopes that this thesis can be significant for all of the respective parties, especially for the development of the world of education.
