ABSTRAK

Penelitian ini bertujuan untuk mengetahui bagaimana tingkat motivasi siswa SMA terhadap pembelajaran bahasa Inggris online, dan untuk mengetahui alasan siswa termotivasi dan tidak termotivasi dalam belajar bahasa Inggris online. Dalam penelitian ini, ada dua macam metode yang digunakan dalam pengumpulan data, yaitu pemberian angket dan wawancara. Untuk mengetahui alasan siswa di balik motivasi mereka, peneliti mewawancarai siswa yang memiliki motivasi tinggi dan rendah. Ditemukan juga terdapat 35 siswa yang memiliki motivasi tinggi, 148 siswa memiliki motivasi sedang, dan 4 siswa memiliki motivasi rendah untuk belajar bahasa Inggris online pada masa pandemi Covid-19 di SMA N 4 Singaraja. Implikasi dari penelitian ini dapat dilakukan bahwa pembelajaran online sangat bermanfaat bagi siswa dalam melaksanakan proses pembelajaran di rumah, seperti mempermudah mereka dalam mencari bahan bacaan, bahan belajar, tutorial, menerjemahkan, dll.
