APPENDIX 2 Blueprint Of Observation Sheet

	Dimensions	Description
According to Ministry of Education and Culture No 22 Year 2016 namely <i>Standar Proses Pendidikan Dasar dan Menengah</i>	Pre-activity	In pre-activity, the teacher brainstorms the students, give motivations, and reviewing the previous material that had been learned.
	Main-activity	In the main activity, the teacher can carry out activities such as explaining the material to students, the teacher and students having discussions about the material and asking students to do group/individual assignments.
	Post-activity	Last lesson, in the post-activity, students were asked about the material they had learned during the activity and the teacher closed the day's lesson

Description:

The blueprint for the observation sheet consists of three standard learning processes, namely pre-activity, main activity and

post-activity. What has been determined by the Ministry of Education and Culture No 22 Year 2016 namely *Standard for Primary and Secondary Education Processes*.

Implementation	Activities	Description	Syntax of project-based learning by George Lucas Educational Foundation (2005)	21st century skills applied to the first week's observation results

APPENDIX 3 Blueprint of Interview Guide

Dimensions	Descriptions	Number of Items
Project-based Learning that involved 21 st century skills (Hamad and Abdullah, (2019) & Sudjimat et al, (2019) & Aldabbus, (2018))	Regarding to learning models that can encourage students and assist teachers in effective teaching and learning processes that can involve skills in the 21 st century. Project based learning can be one of the learning models that can stimulate students to be more active, think critically, creatively, collaborate, communicate, computational logic, and compassion, so that this learning model can facilitate their learning. Then the project based learning can be a guide for teachers in an effective learning process. This is related to the way teachers implement project based learning which can increase students' motivation to learn.	1-9

Description:

The blueprint was used to conduct interviews with English a teacher who teach grade 10 at SMAN 1 Tegallalang. This blueprint and interview guide were used to obtain information related to the teacher's opinion on the implementation of the project-based learning model and also the challenges faced while implementing the PjBL learning model. There were 9 questions given to the teacher related to the application of the project based learning model and also the challenges faced while implementing the PjBL learning model in teaching English as a foreign language.

The table of the questions can be seen as follows.

	Questions	Answer
How does the English teachers implement Project-based learning that involve skills of 21 st century education?	<ol style="list-style-type: none"> 1. How is Project-based Learning applied in involving 21st century skills? 2. Do you often apply Project-Based Learning in the teaching and learning process? 3. Are there any changes in students after learning English using the Project-based Learning method in engaging 21st century skills? 4. What factors influence student change? 	
What are the challenges faced by the teacher in teaching English	<ol style="list-style-type: none"> 6. How difficult is it for you to apply Project-based Learning in the 	

<p>using Project-based learning based on skills in 21st century education?</p>	<p>teaching and learning process?</p> <p>7. What obstacles do you face in implementing Project-based Learning in the teaching and learning process?</p> <p>8. Are there any obstacles faced by students in learning English using Project-based Learning?</p> <p>9. What is the solution to the problems faced in implementing Project-based Learning?</p> <p>10. Can you conclude whether teaching English using the Project-based Learning method makes it easier for you in teaching</p>
