ABSTRAK

Penelitian ini bertujuan untuk mengetahui bagaimana implementasi penggunaan Dana Desa pada masa pandemi Covid-19 di Desa Songan B, mengetahui proses pendataan penerima Bantuan Langsung Tunai Dana Desa (BLT-DD) di Desa Songan B, mengetahui kendala-kendala yang terjadi dan solusi yang diberikan selama implementasi penyaluran BLT-DD pada masa pandemi, dan untuk mengetahui efektivitas penyaluran BLT-DD di Desa Songan B. Sumber data yang digunakan dalam penelitian ini adalah sumber data primer dan sekunder. Data primer diperoleh dari wawancara kepada Perbekel Desa Songan B, Sekretaris Desa Songan B, dan perwakilan masyarakat penerima BLT-DD. Sedangkan data sekunder diperoleh dari dokumen-dokumen yang berkaitan dengan Dana Desa dan BLT-DD seperti data-data masyarakat penerima BLT-DD, Peraturan Perbekel Desa Songan B, struktur organisasi Desa Songan B dan data-data jumlah penduduk di Desa Songan B. Metode pengumpulan data dilakukan melalui observasi, wawancara, metode kepustakaan dan dokumentasi. Metode analisis yang digunakan adalah metode deskriptif kualitatif. Hasil penelitian menunjukkan bahwa Dana Desa di Desa Songan B pada masa pandemi Covid-19 di implementasikan ke bidang pendidikan, kesehatan dan di prioritaskan untuk BLT-DD. Proses Pendataan calon penerima BLT-DD dilakukan oleh Kelian Banjar Dinas, kemudian dilakukan verifikasi oleh tim, selanjutnya dilakukan musyawarah desa untuk penetapan calon penerima. Kendala yang dihadapi selama penyaluran BLT-DD di Desa Songan B adalah terdapat penerima bantuan ganda dan terjadi pengurangan BLT-DD dan solusi yang diberikan adalah dengan melakukan Musyawarah Desa kembali. Implementasi penyaluran BLT-DD di Desa Songan B sudah tepat waktu, tepat dalam menentukan pilihan dan tepat sasaran jadi dapat dikatakan Efektif.

ABSTRACT

This study aims to find out how the implementation of the use of Village Funds during the Covid-19 pandemic in Songan B Village, know the process of collecting data on recipients of Village Fund Cash Direct Assistance (BLT-DD) in Songan B Village, find out the obstacles that occur and the solutions provided during the implementation of BLT-DD distribution during the pandemic, and to find out the effectiveness of BLT-DD distribution in Songan B Village. The data sources used in this study are primary and secondary data sources. Primary data were obtained from interviews with Songan B Village Perbekel, Songan B Village Secretary, and representatives of BLT-DD recipient communities. Meanwhile, secondary data was obtained from documents related to the Village Fund and BLT-DD such as data on blt-DD recipient communities, Songan B Village Regulation, Songan B Village organization structure and population data in Songan B Village. Data collection methods are carried out through observation, interviews, literature methods and documentation. The analysis method used is a qualitative descriptive method. The results showed that the Village Fund in Songan B Village during the Covid-19 pandemic was implemented into the fields of education, health and prioritized for BLT-DD. The process of collecting data on prospective BLT-DD recipients is carried out by the Kelian Banjar Dinas, then verification is carried out by the team, then village deliberations are carried out for the determination of prospective recipients. The obstacle faced during the distribution of BLT-DD in Songan B Village is that there are multiple beneficiaries and there is a reduction in BLT-DD and the solution provided is to conduct village deliberations again. The implementation of BLT-DD distribution in Songan B Village is timely, right in making choices and right on target so it can be said to effective.
