Attachment 1. Results of Interview (1) with the Head of the Content Management Division of the Unit Pelaksana Teknis Teknologi, Informasi dan Komunikasi (UPT TIK) Undiksha

Day/Date : Thursday, 04 August 2022
Resource Name : I Gede Partha Sindu, S.Pd., M.Pd
Position : Head of the Content Management Division of the Unit Pelaksana Teknis Teknologi, Informasi dan Komunikasi (UPT TIK) Undiksha
Discussion Topic : Evaluation of Undiksha's E-Learning Website
Interview Location : Building 1st Floor UPT TIK Undiksha

1. For the Undiksha e-learning website template, is it default or can it still be modified?

Undiksha's e-learning website was built using Moodle, so modifications can still be made. So we used a template from Moodle and didn't do much modification just added the images and modified the content.

2. If modifications can be made, are there any considerations in choosing the color?

For color considerations, there doesn't seem to be any, which is currently on the e-learning website using the default color from Moodle, which is white and blue and we added yellow.

3. Has there been any research conducted to measure the quality of the user interface, especially the Undiksha e-learning website?

Research evaluating the quality of the Undiksha e-learning website user interface has never been done before.

4. If so, does it include measuring the quality of the color contrast or the contrast ratio?

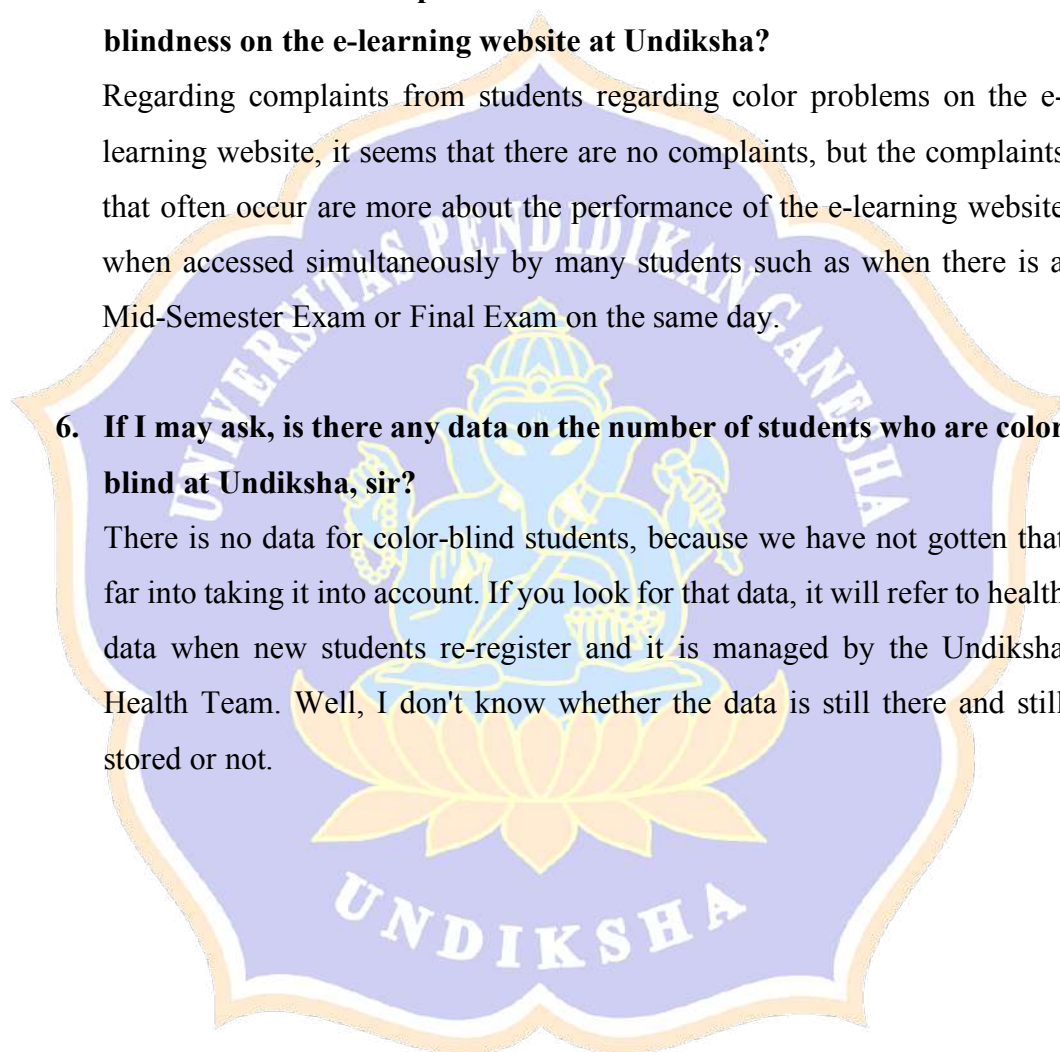

The evaluation of the contrast ratio has never been done either. If the e-learning case studies that have been carried out are related to usability evaluation, then evaluation from the side of user satisfaction.

5. Have there been complaints from students who suffer from color blindness on the e-learning website at Undiksha?

Regarding complaints from students regarding color problems on the e-learning website, it seems that there are no complaints, but the complaints that often occur are more about the performance of the e-learning website when accessed simultaneously by many students such as when there is a Mid-Semester Exam or Final Exam on the same day.

6. If I may ask, is there any data on the number of students who are color blind at Undiksha, sir?

There is no data for color-blind students, because we have not gotten that far into taking it into account. If you look for that data, it will refer to health data when new students re-register and it is managed by the Undiksha Health Team. Well, I don't know whether the data is still there and still stored or not.

Attachment 2. Documentation Evidence of Interview (1) with the Head of the Content Management Division of the Unit Pelaksana Teknis Teknologi, Informasi dan Komunikasi (UPT TIK) Undiksha

Attachment 3. Permit for Data Application at the Unit Pelaksana Teknis Teknologi, Informasi dan Komunikasi (UPT TIK) Undiksha

Hal : Permohonan Data

Yth. Kepala UPT TIK Undiksha
di tempat

Dengan hormat, dalam rangka melengkapi persyaratan penyusunan Skripsi, bersama ini dimohon bantuannya untuk memberikan informasi yang diperlukan terkait data mengenai "Website E-Learning Undiksha", kepada mahasiswa berikut.

Nama : I Nyoman Triarta

NIM : 1915091045

Program Studi : Sistem Informasi

Semester : VII (tujuh)

Demikian surat ini disampaikan, atas perkenaan dan kerjasamanya diucapkan terima kasih.

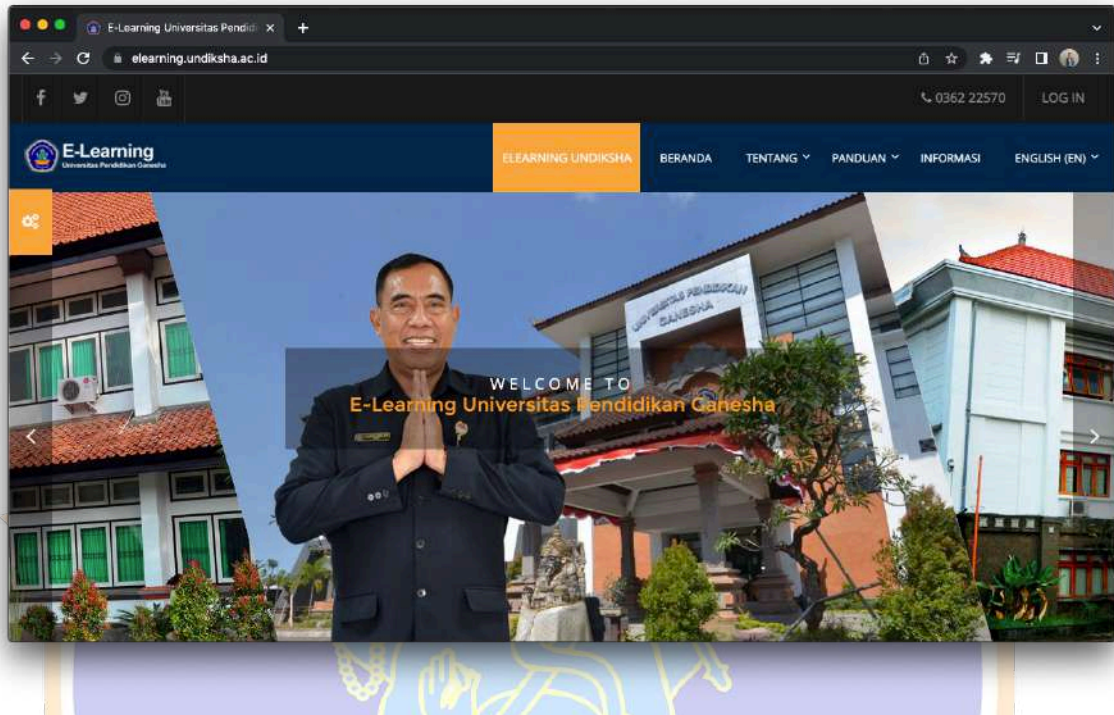

a.n. Dekan,
Wakil Dekan I,

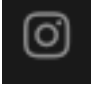

Dr. Ketut Agustini, S.Si., M.Si.

UTS Mikroprosesor

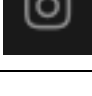

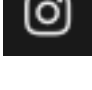

Ketentuan Pengumpulan Ide Project

1. Hal yang disampaikan dalam dokumen ide *project* meliputi ide yang akan dikembangkan berdasarkan sebuah kasus/permasalahan & dapat diselesaikan dengan memanfaatkan penerapan konsep mikroprosesor. Tidak ada format baku mengenai cara penulisan ide, tapi paling tidak memuat identitas mahasiswa, kelas, serta paparan ide yang dimaksudkan
2. *Project* dikerjakan secara individu & tidak ada duplikasi ide *project* untuk tiap orang. Jadi silakan dikordinasikan dengan baik
3. Ide *project* dikumpulkan dalam bentuk *file* PDF, dengan nama *file* Ide Project Mikroprosesor_NIM_Kelas
4. Pengumpulan dilakukan paling lambat hari Sabtu, 30 April 2022, pukul 18.00 Wita (jam 6 sore)
