ABSTRAK

Penelitian ini dirancang dalam bentuk penelitian deskriptif kualitatif. Penelitian ini bertujuan untuk mengetahui leksikon yang digunakan oleh para pemangku dalam upacara Malik Sumpah di desa Sembiran dan untuk mendeskripsikan makna budaya dari leksikon yang digunakan oleh para pemangku dalam upacara Malik Sumpah. Penelitian ini dilakukan di Desa Sembiran, Kecamatan Tejakula, Kabupaten Buleleng. Data penelitian diperoleh melalui observasi dengan menghadiri upacara di desa Sembiran, mewawancarai ketiga informan, dan mendokumentasikan leksikon yang ada dalam upacara tersebut. Peneliti memilih informan berdasarkan serangkaian kriteria. Lima instrumen yang digunakan dalam penelitian ini, yaitu peneliti, lembar observasi, pedoman wawancara, lembar wawancara, dan alat perekam. Hasil penelitian menunjukkan bahwa upacara Malik Sumpah di Desa Sembiran terdapat empat puluh satu leksikon, diantaranya delapan leksikon ditemukan pada rangkaian acara, sembilan belas leksikon ditemukan pada sarana Malik Sumpah, enam leksikon ditemukan pada jenis kurban, dan delapan leksikon ditemukan pada jenis persembahan.

Kata Kunci: leksikon, upacara Malik Sumpah, makna budaya, deskriptif kualitatif

ABSTRACT

This research was designed in the form of a descriptive qualitative study. This research aimed to find out the lexicons that the priests use in the *Malik Sumpah* ceremony in Sembiran village and to describe the cultural meaning of the lexicons used by the priests in the *Malik Sumpah* ceremony. This research was conducted in Sembiran village, Tejakula district, Buleleng regency. The research data were obtained through observation by attending the ceremony in Sembiran village, interviewing the three informants, and documenting the lexicons in that ceremony. The researcher selected the informants based on a set of criteria. Five instruments were used in this research, namely the researcher, an observation sheet, interview guide, interview sheet, and recorder. The results showed that the *Malik Sumpah* ceremony in Sembiran village had forty-one lexicons, including eight lexicons found in the series of events, nineteen lexicons found in *Malik Sumpah* facilities, and six lexicons found in kind of sacrifices. Eight lexicons were found in kind of offerings.

Keywords: Lexicon, *Malik Sumpah* Ceremony, Cultural Meaning, Descriptive Qualitative
