ACKNOWLEDGEMENTS

The researcher begins by expressing heartfelt gratitude to God, Ida Sang Hyang Widhi Wasa, whose divine guidance and blessings have illuminated the researcher's path to finishing the research entitled "Emancipating The Students: The Development of Differentiated Assessment Instruments For 5th-grade Elementary School Students." This research is prepared to fulfill the requirements for completing a Bachelor's degree in English education program at Universitas Pendidikan Ganesha. This research is completed well because of many parties' support during the process of the research. Therefore, the researcher would like to express her gratitude to the parties who have contributed to this research.

1. Dr. Ni Wayan Surya Mahayanti, S. Pd., M. Pd, as the first supervisor who has invaluable support and mentorship related to this research, is full of patience, and always provides input, insight, and suggestions in educating the researcher.
2. Luh Gd Rahayu Budiarta, S. Pd., M. Pd. as the second supervisor who also mentored and gave suggestions and encouragement so that this research could be completed.
3. Putu Eka Dambayana S., S.Pd., M.Pd. as the examiner who has examined and provided positive feedback and suggestions for the researcher.
4. My friends, namely MADD Michelle, Ayu, and Deliana, are also students in English Language Education and are also scrambling to complete their bachelor's degree in education. They give such unwavering support and companionship during the completion of this research.
5. Two elementary schools in Buleleng Regency, especially the teachers and students who have been willing to become respondents in this research and provide valuable insight related to this research.
6. My dearest family, namely, mother, brother, and late father, are constantly with me while completing this research and encouraging me to do so. Their existence makes me gain a lot of energy to do this research.
7. and other parties who contributed to this research so that it can be completed smoothly and have a positive impact on everyone. However, this research is

far from perfect and still needs development and improvement in each research stage until the result of this study.

Eventually, the researcher hopes for suggestions, criticism, and advice from all parties in order to develop this research. The researcher expects that this research can offer a positive impact, benefits, and an overview of the differentiated assessment in the future.
