## **ABSTRAK**

Penelitian ini bertujuan untuk menguji pengaruh secara simultan dan parsial dari earnings per share, price earnings ratio serta return on asset terhadap harga saham. Penelitian ini menggunakan rancangan penelitian kuantitatif kausal. Jumlah sampel dalam penelitian ini yaitu 16 perusahaan. Subjek yang digunakan adalah perusahaan sektor transportasi yang terdaftar di bursa efek Indonesia periode tahun 2020-2022 dengan objek yang digunakan yaitu earnings per share, price earnings ratio, return on asset dan harga saham. Data dikumpulkan melalui website BEI. Selanjutnya dilakukan uji instrumen dengan Teknik analisis data yang digunakan adalah analisis regresi linear berganda. Hasil analisis menunjukkan bahwa (1) *earnings per share, price earnings ratio* serta *return on asset* secara bersama-sama berpengaruh terhadap harga saham (2) *earnings per share* tidak berpengaruh secara positif dan signifikan terhadap harga saham (3) *price earnings ratio* berpengaruh secara positif dan signifikan terhadap harga saham (4) *return on asset* tidak berpengaruh secara positif dan signifikan terhadap harga saham

**Kata kunci:** *Earnings Per Share, Price Earnings Ratio, Return On Asset, Harga Saham*

## **ABSTRACT**

*This research aims to examine the simultaneous and partial influence of earnings per share, price earnings ratio and return on assets on stock prices. This research uses a causal quantitative research design. The number of samples in this research was 16 companies. The subjects used are transportation sector companies listed on the Indonesia Stock Exchange for the 2020-2022 period with the objects used namely earnings per share, price earnings ratio, return on assets and share prices. Data is collected via the IDX website. Next, an instrument test was carried out with the data analysis technique used was multiple linear regression analysis. The results of the analysis show that (1) earnings per share, price earnings ratio and return on assets together influence share prices (2) earnings per share do not have a positive and significant influence on share prices. 3) price earnings ratio has a positive and significant effect on stock prices (4) return on assets has no positive and significant effect on stock prices*

**Keywords:** *Earnings Per Share, Price Earnings Ratio, Return On Asset, Stock Price*
