*The 3-Dimensional Animated Educational Film Sex Education for Elementary School Age Children tells the story of Bunga who experienced sexual violence by her father's friend, Mr. Jono. In this film, education is provided regarding the introduction of sex education, such as understanding, forms of sexual violence, places that are prone to sexual violence, people who can be perpetrators of violence, as well as introducing body parts that other people should not touch. Sex education is teaching, raising awareness and explaining problems aimed at children so that they know about problems relating to boundaries regarding instinct, marriage and sex.*

*The 3-Dimensional Animated Educational Film Sex Education for Elementary School Age Children was developed using the Research and Development method with the MDLC model. By designing the 3-Dimensional Animated Educational Film Sex Education for Elementary School Age Children, it is hoped that it will be able to provide educational material for elementary school age children regarding sex education so that they are able to understand the forms of sexual violence. The results of the tests on this animated film are the first, media expert test with a result of 100%, then the second, the media expert test with a score of 100%, and finally the user response test with a result of 94% which is very positive, 4% positive, and 2% is quite positive, so it can be concluded that this 3-dimensional animated film is in the very good category.*
