## **ABSTRAK**

Penelitian ini bertujuan untuk menganalisis karakter peserta didik dalam pembelajaran PJOK. Metode survei digunakan untuk mengumpulkan data dan menganalisis dimensi karakter seperti, religius, tanggung jawab, disiplin, mandiri, kreatif, kerja keras, pantang menyerah, rendah hati, dan toleransi. Responden penelitian terdiri dari peserta didik kelas 10 dan 11 SMA LAB UNDIKSHA Singaraja yang berjumlah 73 orang. Data dikumpulkan melalui kuesioner dan dianalisis dengan menggunakan teknik deskriptif kuantitatif-kualitatif. Hasil penelitian menunjukkan survei karakter peserta didik pada pembelajaran PJOK di SMA LAB UNDIKSHA Singaraja menunjukkan rata-rata sebanyak 71 termasuk pada kategori tinggi. Berdasarkan analisis data dan pembahasan disimpulkan bahwa pembelajaran PJOK di SMA LAB UNDIKSHA telah mengakomodasi dan menginternalisasi karakter dalam pembelajaran PJOK.

## **ABSTRACT**

This research aims to analyze the character of students in learning PJOK. Survey methods are used to collect data and analyze character dimensions such as religiousness, responsibility, discipline, independence, creativity, hard work, never giving up, humility and tolerance. The research respondents consisted of students in grades 10 and 11 of SMA LAB UNDIKSHA Singaraja, totaling 73 people. Data was collected through questionnaires and analyzed using quantitative-qualitative descriptive techniques. The results of the research showed that the student character survey in PJOK learning at SMA LAB UNDIKSHA Singaraja showed an average of 71, including in the high category. Based on data analysis and discussion, it was concluded that PJOK learning at UNDIKSHA LAB SMA has accommodated and internalized character in PJOK learning.
