LETTER OF DECLARATION

The writer hereby declares that the undergraduate thesis entitled **“Development of Augmented Reality Learning Media Nervous System and Motion System in Humans for XI Grade Students at SMA Negeri 2 Amlapura”** is entirely the result of the writer’s own work. This thesis has not been submitted, either in whole or in part, for the attainment of any academic degree at any other university or institution. All sources of information and citations from the works of other authors have been properly acknowledged in accordance with academic ethics and scientific writing standards.

The writer affirms that this thesis is free from any form of plagiarism or academic dishonesty. Should any violation of academic integrity be found in the future, the writer is willing to accept any academic sanctions in accordance with the prevailing regulations.

PREFACE

Praise be to God Almighty for the guidance that enabled the completion of this thesis entitled **“Development of Augmented Reality Learning Media Nervous System and Motion System in Humans for XI Grade Students at SMA Negeri 2 Amlapura”** has been successfully completed on time. This thesis is submitted as one of the requirements to complete the Undergraduate Program in Informatics Education.

During the preparation of this thesis, the author received guidance, advice, and assistance from various parties. Therefore with sincere gratitude, the author would like to express appreciation to:

1. Prof. Dr. I Wayan Lasmawan, M.Pd, Rector of Universitas Pendidikan Ganesha.
2. Prof. Dr. Kadek Rihendra Dantes, S.T., M.T, Dean of the Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha.
3. Dr. Putu Hendra Suputra, S.Kom., M.Cs, Head of the Informatics Engineering Department.
4. Dr. phil. Dessy Seri Wahyuni, S.Kom., M.Eng, Coordinator of the Informatics Education Study Program.
5. Dr. phil. Dessy Seri Wahyuni, S.Kom., M.Eng, Examiner I, for her constructive feedback, guidance, and valuable input in the completion of this thesis.
6. Dr. I Gede Partha Sindu, S.Pd., M.Pd, Examiner II, for his helpful suggestions, advice, and motivation throughout this research.
7. I Nengah Eka Mertayasa, S.Pd., M.Pd, Supervisor I, for his time, guidance, and encouragement during the thesis writing process.
8. Prof. Dr. Ir. Dewa Gede Hendra Divayana, S.Kom., M.Kom., MCE., IPU., ASEAN.Eng., APEC.Eng, Supervisor II, for his continuous guidance, valuable insights, and constructive suggestions throughout this research.
9. All lecturers and staff members of the Faculty of Engineering and Vocational Studies for their knowledge, assistance, and support during the author's study.
10. The Principal of SMA Negeri 2 Amlapura, the Biology teacher, and Grade XI students who willingly participated and supported the research process.
11. All parties who have contributed directly or indirectly to the completion of this thesis.

The author realizes that this thesis is still far from perfect. Therefore, constructive suggestions and feedback are highly appreciated for future improvement. It is hoped that this thesis can contribute positively to the development of educational technology and related fields.
