

ABSTRAK

Mawardi, Rachmat Sidi (2025), *Pengaruh Motivasi Berprestasi, Manajemen Waktu, dan Dukungan Sosial terhadap Prestasi Akademik Mahasiswa Kelas Karyawan di STIE Indocakti*. Tesis, Administrasi Pendidikan, Program Pascasarjana, Universitas Pendidikan Ganesha.

Kata-kata kunci : motivasi berprestasi, manajemen waktu, dukungan sosial, prestasi akademik mahasiswa kelas karyawan.

Penelitian ini bertujuan untuk 1) menganalisis pengaruh motivasi berprestasi terhadap prestasi akademik mahasiswa kelas karyawan di STIE Indocakti, 2) Untuk menganalisis pengaruh manajemen waktu terhadap prestasi akademik mahasiswa kelas karyawan di STIE Indocakti. 3) Untuk menganalisis pengaruh dukungan sosial terhadap prestasi akademik mahasiswa kelas karyawan di STIE Indocakti. 4) Untuk menganalisis pengaruh motivasi berprestasi, manajemen waktu, dan dukungan sosial secara simultan terhadap prestasi akademik mahasiswa kelas karyawan di STIE Indocakti. Penelitian ini merupakan penelitian *ex-post facto* dengan besar sampel 162 orang. Data dikumpulkan dengan kuisioner dan dokumen. Analisis data menggunakan teknik regresi sederhana, regresi ganda, dan korelasi parsial. Hasil penelitian menunjukkan bahwa: (1) terdapat pengaruh positif dan signifikan antara motivasi berprestasi terhadap prestasi mahasiswa kelas karyawan di STIE Indocakti, dengan koefisiensi korelasi sebesar 0,258 dan sumbangan efektifnya sebesar 28,51%. (2) terdapat pengaruh positif dan signifikan antara manajemen waktu terhadap prestasi mahasiswa kelas karyawan di STIE Indocakti, dengan koefisiensi korelasi sebesar 0,318 dan sumbangan efektifnya sebesar 22,65%. (3) terdapat pengaruh positif dan signifikan antara dukungan sosial terhadap prestasi mahasiswa kelas karyawan di STIE Indocakti, dengan koefisiensi korelasi sebesar 0,37 dan sumbangan efektifnya sebesar 20,18%. (4) secara bersama-sama, terdapat pengaruh yang signifikan antara motivasi berprestasi, manajemen waktu, dukungan sosial terhadap prestasi akademik mahasiswa kelas karyawan di STIE Indocakti, dengan koefisien korelasi ganda 0,845 dan sumbangan efektifnya 71,4%.

ABSTRACT

Mawardi, Rachmat Sidi (2025), *The Influence of Achievement Motivation, Time Management, and Social Support on the Academic Achievement of Working Students at STIE Indocakti*. Thesis, Educational Administration, Graduate Program, Ganesha University of Education.

Keywords: achievement motivation, time management, social support, academic achievement of working students.

This study aims to 1) analyze the effect of achievement motivation on the academic achievement of working students at STIE Indocakti, 2) analyze the effect of time management on the academic achievement of working students at STIE Indocakti. 3) To analyze the effect of social support on the academic achievement of working-class students at STIE Indocakti. 4) To analyze the simultaneous effect of achievement motivation, time management, and social support on the academic achievement of working-class students at STIE Indocakti. This study is an <ex-post facto> study with a sample size of 162 people. Data were collected using questionnaires and documents. Data analysis used simple regression, multiple regression, and partial correlation techniques. The results showed that: (1) there was a positive and significant effect between achievement motivation and the academic achievement of working students at STIE Indocakti, with a correlation coefficient of 0.258 and an effective contribution of 28.51%. (2) there is a positive and significant effect between time management and the achievement of working students at STIE Indocakti, with a correlation coefficient of 0.318 and an effective contribution of 22.65%. (3) There is a positive and significant influence between social support and the academic achievement of working students at STIE Indocakti, with a correlation coefficient of 0.37 and an effective contribution of 20.18%. (4) Together, there is a significant influence between achievement motivation, time management, and social support on the academic achievement of working students at STIE Indocakti, with a multiple correlation coefficient of 0.845 and an effective contribution of 71.4%.
