

## APPENDIX

### Appendix 1. Questionnaire Instrument

**Objectives** : This instrument aims to answer three research questions of the study, including the types of hardware and software teachers use, the teachers use ICT in English teaching and learning process and the teacher's challenges of using ICT.

**Date** :

**Teacher** :

#### The description of the answer choices using a Likert Scale:

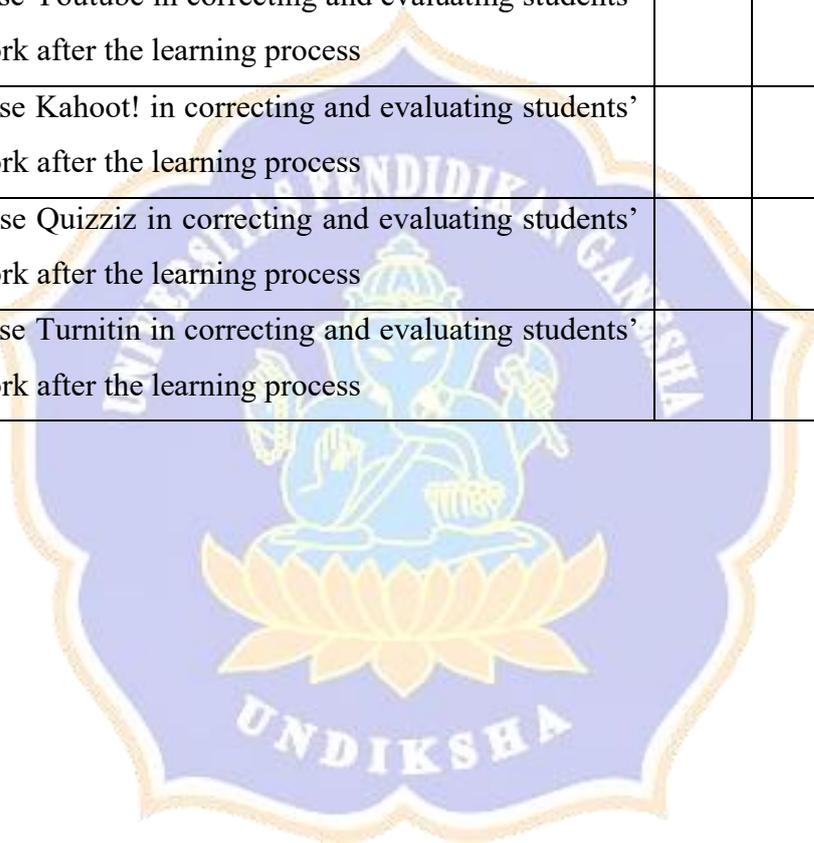

1. Strongly Disagree
2. Disagree
3. Agree
4. Strongly Agree

No	Statement	Answer			
		1	2	3	4
Types of hardware and software used by teacher					
1	I use laptop in preparing the teaching and learning process				
2	I use smartphone in preparing the teaching and learning process				
3	I use computer in preparing the teaching and learning process				
4	I use LCD projector in preparing the teaching and learning process				
5	I use internet connection in preparing the teaching and learning process				

6	I use audio amplifier in preparing the teaching and learning process				
7	I use laptop during the teaching and learning process				
8	I use smartphone the teaching and learning process				
9	I use computer during the teaching and learning process				
10	I use LCD projector during the teaching and learning process				
11	I use internet connection during the teaching and learning process				
12	I use audio amplifier during the teaching and learning process				
13	I use laptop in evaluating and correcting student's work after the learning process				
14	I use smartphone in evaluating and correcting students' work after the learning process				
15	I use computer in evaluating and correcting students' work after the learning process				
16	I use LCD projector in evaluating and correcting students' work after the learning process				
17	I use internet connection in evaluating and correcting students' work after the learning process				
18	I use audio amplifier in evaluating and correcting students' work after the learning process				
19	I use Microsoft PowerPoint in preparing the teaching and learning process				
20	I use Microsoft Word in preparing the teaching and learning process				
21	I use online dictionary preparing the teaching and learning process				

22	I use Canva preparing the teaching and learning process				
23	I use Powtoon in preparing the teaching and learning process				
24	I use Youtube in preparing the teaching and learning process				
25	I use Kahoot in preparing the teaching and learning process				
26	I use Quizziz in preparing the teaching and learning process				
27	I use Turnitin in preparing the teaching and learning process				
28	I use Microsoft PowerPoint during the teaching and learning process				
29	I use Microsoft Word during the teaching and learning process				
30	I use Online dictionary during the teaching and learning process				
31	I use Canva during the teaching and learning process				
32	I use Powtoon during the teaching and learning process				
33	I use Youtube during the teaching and learning process				
34	I use Kahoot! during the teaching and learning process				
35	I use Quizziz during the teaching and learning process				
36	I use Turnitin during the teaching and learning process				
37	I use Microsoft PowerPoint in correcting and evaluating students' work after the learning process				

38	I use Microsoft Word in correcting and evaluating students' work after the learning process				
39	I use Online dictionary in correcting and evaluating students' work after the learning process				
40	I use Canva in correcting and evaluating students' work after the learning process				
41	I use Powtoon in correcting and evaluating students' work after the learning process				
42	I use Youtube in correcting and evaluating students' work after the learning process				
43	I use Kahoot! in correcting and evaluating students' work after the learning process				
44	I use Quizziz in correcting and evaluating students' work after the learning process				
45	I use Turnitin in correcting and evaluating students' work after the learning process				

## Appendix 2. Observation Checklist Instrument

Objective : The main purpose of this instrument is to answer two research question of the study, such as to investigate the types of software and hardware and how the teachers use of ICT in English teaching and learning.

Date :

Teacher :

Grade :

Dimensions	No	Descriptions	Responses		NOTE
			YES	No	
Types of hardware and software teachers use in teaching and learning at process	1.	The teacher uses hardware equipment (e.g., laptop, LCD projector, internet connection or, audio amplifier) in preparing the teaching and learning process			
	2.	The teacher uses hardware equipment (e.g., laptop, LCD projector, internet connection or, audio amplifier) in teaching the learning process			
	3.	The teacher uses hardware equipment (e.g., laptop, LCD projector, internet connection or, audio amplifier) in evaluating the learning process			
	4.	The teacher uses learning applications (e.g., Microsoft PowerPoint, Microsoft Word, online dictionary, Canva, Powtoon, YouTube, Kahoot!, or quizziz) in preparing the teaching and learning process			
	5.	The teacher uses learning application (e.g., Microsoft PowerPoint, Microsoft Word, online dictionary, Canva, Powtoon, YouTube, Kahoot!, or quizziz) in the teaching and learning process			
	6.	The teacher uses learning application (e.g., Microsoft PowerPoint, Microsoft Word, online dictionary, Canva, Powtoon, YouTube, Kahoot!, or quizziz) in correcting and evaluating students' work after the learning process			
	7.	The teacher uses websites (e.g., Wheel of Names British Council,			

		BBC Learning English, or Khan Academy) in preparing the teaching and learning process			
	8.	The teacher uses websites (e.g., Wheel of Names British Council, BBC Learning English, or Khan Academy) in the teaching and learning process			
	9.	The teacher uses websites (e.g., Wheel of Names British Council, BBC Learning English, or Khan Academy) in correcting and evaluating students' work after the learning process			
	10.	The teacher uses school E-learning in the teaching and learning process			
	11.	The teacher uses Google classroom in the teaching and learning process			
	12.	The teacher uses Microsoft Teams in the teaching and learning process			
	13.	The teacher uses Schoology in the teaching and learning process			
	14.	The teacher uses Edmodo in the teaching and learning process			
The use of ICT tools in English teaching and learning	1.	The teacher uses technology tools (software and hardware) in assessing the curriculum			
	2.	The teacher uses technology tools (software and hardware) in determining the learning objectives			
	3.	The teacher uses technology tools (software and hardware) in creating the learning material			
	4.	The teacher opens the learning using technology tools (software and hardware)			
	5.	The teacher explains the material to the students using technology tools (software and hardware) during the teaching and learning process			
	6.	The teacher communicates with the students in the teaching and learning process using technology tools (software and hardware)			
	7.	The teacher teaches writing skills using technology tools (software and hardware)			

	8.	The teacher teaches reading skills using technology tools (software and hardware)			
	9.	The teacher teaches listening skills using technology tools (software and hardware)			
	10.	The teacher teaches speaking skills using technology tools (software and hardware)			
	11.	The teacher teaches vocabulary using technology tools (software and hardware)			
	12.	The teacher teaches grammar using technology tools (software and hardware)			
	13.	The teacher teaches language functions using technology tools (software and hardware)			
	14.	The teacher teaches speech words stress, and intonations to the students using technology tools (software and hardware)			
	15.	The teacher conducts and assessment for learning using technology tools (software and hardware)			
	16.	The teacher conducts and assessment of learning using technology tools (software and hardware)			
	17.	The teacher conducts and assessment as learning using technology tools (software and hardware)			
	18.	The teacher evaluates students' learning and performance using technology tools (software and hardware)			

### Appendix 3. Questionnaire Instrument

**Objectives** : This instrument aims to answer three research questions of the study, including the types of hardware and software teachers use, the teachers use ICT in English teaching and learning process and the teacher's challenges of using ICT.

**Date** : 17 June 2025

**Teacher** : Salsabila Lahji, S.Pd

#### The description of the answer choices using a Likert Scale:

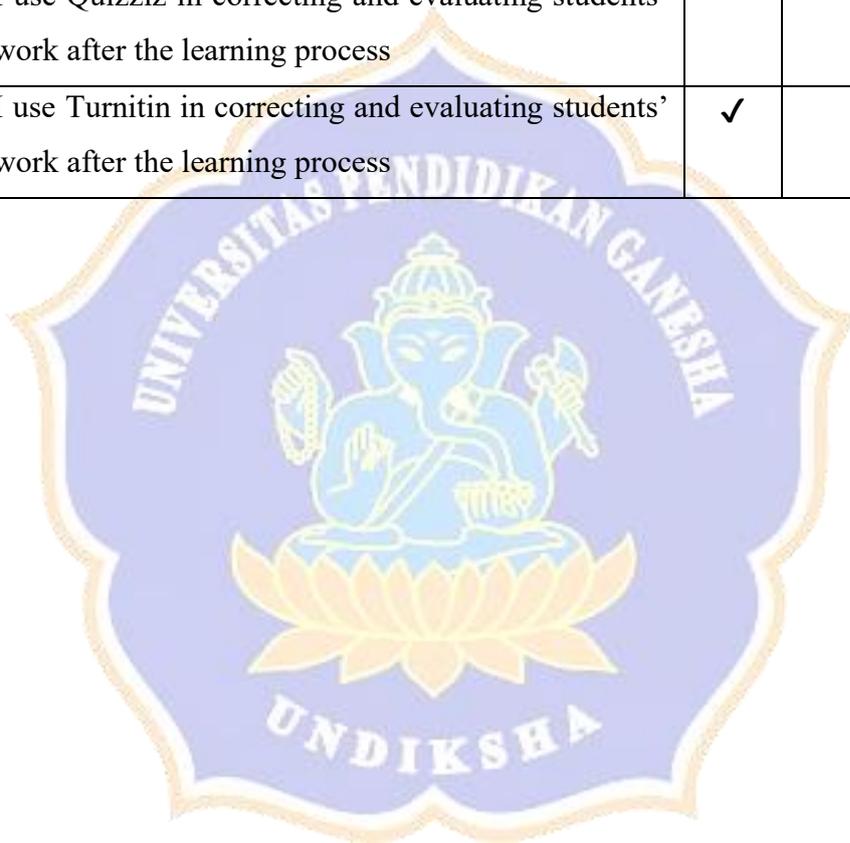

5. Strongly Disagree
6. Disagree
7. Agree
8. Strongly Agree

No	Statement	Answer			
		1	2	3	4
Types of hardware and software used by teacher					
1	I use laptop in preparing the teaching and learning process				✓
2	I use smartphone in preparing the teaching and learning process				✓
3	I use computer in preparing the teaching and learning process	✓			
4	I use LCD projector in preparing the teaching and learning process				✓
5	I use internet connection in preparing the teaching and learning process				✓
6	I use audio amplifier in preparing the teaching and learning process				✓
7	I use laptop during the teaching and learning process				✓

8	I use smartphone the teaching and learning process				✓
9	I use computer during the teaching and learning process	✓			
10	I use LCD projector during the teaching and learning process				✓
11	I use internet connection during the teaching and learning process				✓
12	I use audio amplifier during the teaching and learning process				✓
13	I use laptop in evaluating and correcting student's work after the learning process				✓
14	I use smartphone in evaluating and correcting students' work after the learning process				✓
15	I use computer in evaluating and correcting students' work after the learning process	✓			
16	I use LCD projector in evaluating and correcting students' work after the learning process				✓
17	I use internet connection in evaluating and correcting students' work after the learning process				✓
18	I use audio amplifier in evaluating and correcting students' work after the learning process	✓			
19	I use Microsoft PowerPoint in preparing the teaching and learning process				✓
20	I use Microsoft Word in preparing the teaching and learning process				✓
21	I use online dictionary preparing the teaching and learning process				✓
22	I use Canva preparing the teaching and learning process				✓
23	I use Powtoon in preparing the teaching and learning process	✓			

24	I use Youtube in preparing the teaching and learning process				✓
25	I use Kahoot in preparing the teaching and learning process	✓			
26	I use Quizziz in preparing the teaching and learning process				✓
27	I use Turnitin in preparing the teaching and learning process	✓			
28	I use Microsoft PowerPoint during the teaching and learning process				✓
29	I use Microsoft Word during the teaching and learning process				✓
30	I use Online dictionary during the teaching and learning process				✓
31	I use Canva during the teaching and learning process				✓
32	I use Powtoon during the teaching and learning process	✓			
33	I use Youtube during the teaching and learning process				✓
34	I use Kahoot! during the teaching and learning process	✓			
35	I use Quizziz during the teaching and learning process				✓
36	I use Turnitin during the teaching and learning process	✓			
37	I use Microsoft PowerPoint in correcting and evaluating students' work after the learning process	✓			
38	I use Microsoft Word in correcting and evaluating students' work after the learning process				✓
39	I use Online dictionary in correcting and evaluating students' work after the learning process	✓			

40	I use Canva in correcting and evaluating students' work after the learning process	✓			
41	I use Powtoon in correcting and evaluating students' work after the learning process	✓			
42	I use Youtube in correcting and evaluating students' work after the learning process	✓			
43	I use Kahoot! in correcting and evaluating students' work after the learning process	✓			
44	I use Quizziz in correcting and evaluating students' work after the learning process				✓
45	I use Turnitin in correcting and evaluating students' work after the learning process	✓			

#### Appendix 4. Questionnaire Instrument

**Objectives** : This instrument aims to answer three research questions of the study, including the types of hardware and software teachers use, the teachers use ICT in English teaching and learning process and the teacher's challenges of using ICT.

**Date** : 17 June 2025

**Teacher** : Ni Putu Juniani, S. Pd
