ABSTRAK

Penelitian ini dilatarbelakangi oleh rendahnya kemampuan membaca pemahaman dan minat baca siswa kelas III SD melalui penerapan model *Cooperative script* berbantuan media animasi. Penelitian ini menggunakan metode eksperimen semu dengan desain Nonequivalent Pre-test dan Post-test Control Group, penelitian ini melibatkan 29 siswa SDN 1 Kalibukbuk sebagai kelompok eksperimen dan 18 siswa SDN 4 Kalibukbuk sebagai kelompok kontrol. Data yang dikumpulkan melalui instrumen tes pilihan ganda kemudian dianalisis menggunakan uji-t. Hasil penelitian menunjukkan nilai signifikansi $0,001 < 0,05$, yang membuktikan bahwa penggunaan model pembelajaran *Cooperative script* berbantuan media animasi efektif secara signifikan dalam meningkatkan kemampuan membaca pemahaman siswa di Gugus 1 Kecamatan Buleleng, Kabupaten Buleleng.

Kata kunci: Model Pembelajaran *Cooperative script*, Media Animasi, Kemampuan Membaca Pemahaman.

ABSTRACT

This research is motivated by the low reading comprehension ability and reading interest of third grade elementary school students through the application of the Cooperative script model assisted by animation media. This research uses a quasi-experimental method with a Nonequivalent Pre-test and Post-test Control Group design, this study involved 29 students of SDN 1 Kalibukbuk as the experimental group and 18 students of SDN 4 Kalibukbuk as the control group. Data collected through multiple-choice test instruments were then analyzed using a t-test. The results of the study showed a significance value of $0.001 < 0.05$, which proves that the use of the Cooperative script learning model assisted by animation media is significantly effective in improving students' reading comprehension abilities in Cluster 1, Buleleng District, Buleleng Regency.

Keywords: *Cooperative script Learning Model, Animation Media, Reading Comprehension Skills.*
