## STATEMENT OF AUTHENTICITY

I hereby declare that the undergraduate thesis entitled “Design and Development of GANEVENT, a Web-Based Event and Venue Management System for Student Organizations: A Case Study at the Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha” is my original work, written and developed by me, Kevin Pratama, as part of the requirements for completing the undergraduate program in Information Systems, Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha. This thesis was prepared based on my own research, analysis, system development, testing, and academic writing process under the guidance of my academic supervisors.

I affirm that this thesis has not been submitted, either in whole or in part, for the award of any degree or academic qualification at any other institution. All ideas, theories, data, figures, tables, quotations, and references obtained from other sources have been properly acknowledged and cited in accordance with academic writing standards. I also declare that the system development, testing process, data analysis, and thesis writing were conducted honestly and responsibly. This thesis does not contain any form of plagiarism, data manipulation, fabrication, falsification, or other academic misconduct.

If any part of this statement is found to be untrue in the future, I am willing to accept the consequences and academic sanctions in accordance with the applicable rules and regulations of Universitas Pendidikan Ganesha. This statement is made truthfully and responsibly to be used as required.

## **DEDICATION**

The author would like to express the highest praise and deepest gratitude to  
**Lord Jesus Christ**  
for His blessings, grace, guidance, and strength, which have enabled the author to  
complete this thesis successfully.

This thesis is dedicated to:

### **BELOVED PARENTS**

**(Bong Lie Siong & Bety)**

For their endless prayers, unconditional love, sacrifices, support, and  
encouragement throughout the author's life and educational journey. Their  
presence and belief have become the greatest source of strength for the author to  
complete this study.

### **BELOVED SISTERS**

**(Virgina Violetta & Venillia Evelyn)**

For their love, support, encouragement, and presence, which have brought joy and  
motivation throughout this journey.

### **BELOVED UNCLES AND AUNTS**

**(Uncle Acen, Uncle Anyuk, Aunt Kristina, and Aunt Heni)**

For their prayers, kindness, support, and encouragement during the author's  
educational journey.

### **BELOVED EXTENDED FAMILY**

For all prayers, support, and encouragement that cannot be mentioned one by one.  
Every kindness given has been truly meaningful in completing this thesis.

## PREFACE

First and foremost, the author would like to express the highest praise and gratitude to Lord Jesus Christ for His blessings, grace, guidance, and strength, which have enabled the author to complete this undergraduate thesis entitled **“Design and Development of GANEVENT, a Web-Based Event and Venue Management System for Student Organizations: A Case Study at the Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha.”** This thesis was prepared as one of the requirements for completing the undergraduate program in Information Systems, Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha.

The author realizes that the completion of this thesis would not have been possible without the support, guidance, assistance, and encouragement from many parties. Therefore, the author would like to express sincere gratitude to:

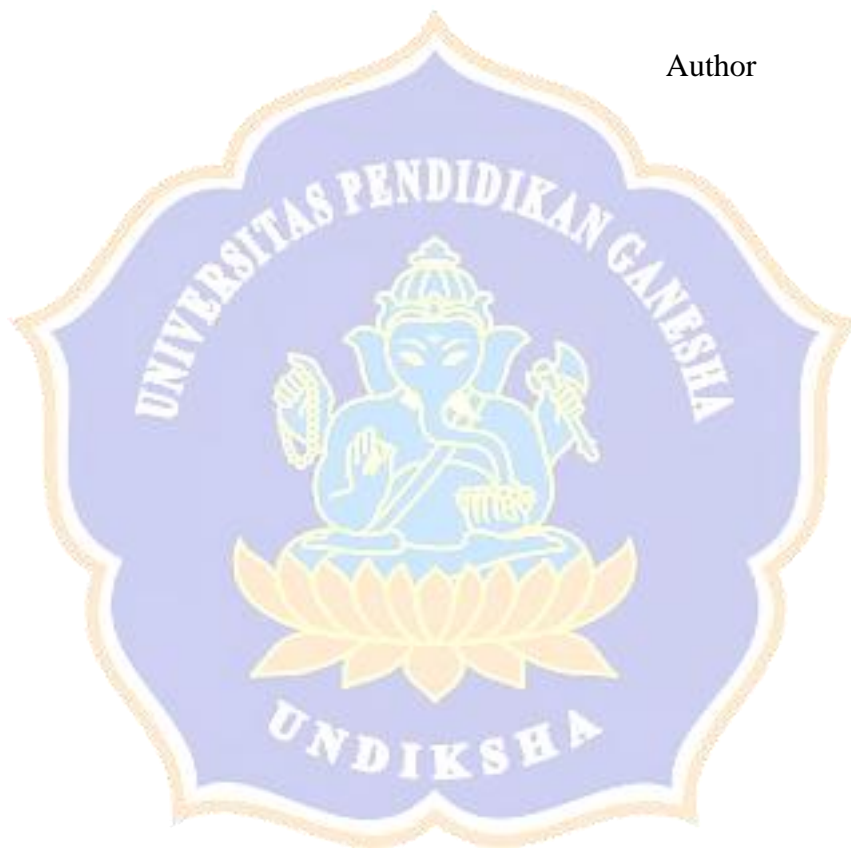

1. Prof. Dr. Kadek Rihendra Dantes, S.T., M.T., as the Dean of the Faculty of Engineering and Vocational, for the motivation and facilities provided throughout the author's study.
2. Dr. Putu Hendra Suputra, S.Kom., M.Cs., as the Head of the Department of Informatics Engineering.
3. Ir. I Made Dendi Maysanjaya, S.Pd., M.Eng., as the Coordinator of the Information Systems Study Program, for the support and guidance provided during the author's academic journey.
4. Ir. Ketut Agus Seputra, S.ST., M.T., as the first supervisor, for the guidance, direction, feedback, and support given throughout the process of preparing this thesis.
5. Ir. I Nyoman Tri Anindia Putra, S.Kom., M.Cs., as the second supervisor, for the valuable guidance, suggestions, and encouragement provided during the completion of this thesis.
6. Ir. Putu Yudia Pratiwi, S.Pd., M.Eng., as the first examiner, for the constructive feedback, suggestions, and evaluations that helped improve the quality of this thesis.
7. Ir. Kadek Teguh Dermawan, S.Pd., M.Kom., as the second examiner, for the constructive feedback, suggestions, and evaluations that helped improve the quality of this thesis.

8. All lecturers and staff of the Information Systems Study Program, Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha, for the knowledge, assistance, and support given during the author's study.
9. All student organizations within the Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha, that were willing to participate and serve as research subjects in this study, for their cooperation, support, and valuable contributions.
10. The author's beloved parents, Bong Lie Siong and Bety, for their endless prayers, love, sacrifices, encouragement, and support throughout the author's educational journey.
11. The author's beloved sisters, Virgina Violetta and Venillia Evelyn, as well as the author's extended family, for their prayers, support, and encouragement.
12. The author's beloved partner, Kimartha Putri, for her endless love, understanding, patience, prayers, encouragement, and unwavering support throughout the process of completing this thesis. Her presence, motivation, and companionship have been a source of strength and inspiration for the author.
13. The author's friends from HMJ 2024/2025, especially MP, Tut Adi, Andra, Awe, Devan, Adek, Aryak, Batok, Devanda, and Nanta, for their friendship, support, encouragement, and memorable experiences throughout the author's academic journey.
14. The author's classmates from SIFORS IKI 2022, especially April, Nabila, Utik, and Artini, for their companionship, support, and motivation during the completion of this thesis.
15. Last but not least, the author would like to express gratitude to himself for his perseverance, dedication, patience, and determination throughout this journey. Despite the challenges, doubts, and obstacles encountered along the way, the author remained committed to completing this thesis and continuously strived to grow both academically and personally.
16. All friends and parties who have helped, supported, and motivated the author during the process of completing this thesis, who cannot be mentioned one by one.

The author realizes that this thesis is still far from perfect. Therefore, constructive criticism and suggestions are highly appreciated for the improvement of this work. Hopefully, this thesis can provide benefits for readers, future researchers, and parties who are interested in the development of web-based information systems, especially in the field of event and venue management.
