Thank you for wanting to continue even when often unsure of where this path would lead. Thank you for being the most loyal friend to myself, present in silence, in fatigue, and in the quiet filled with questions. Thank you for staying honest with your fears, yet not letting those fears limit your steps, because courage isn't the absence of fear, but the desire to keep moving even when fear clings tightly. And most importantly, thank you for being brave enough to

choose, to choose to try, to choose to learn, and to choose to finish what you've started.

In closing, hope this thesis will be useful for everyone. I fully realize that what is presented in this thesis is far from perfect due to my limited abilities. Therefore, I welcome any constructive criticism and suggestions from various parties. I hope this thesis will be useful and beneficial for all of us, especially in the development of education.
