Abstrak

Penelitian ini bertujuan untuk mengetahui upaya pembentukan karakter siswa melalui kegiatan organisasi siswa intra sekolah (OSIS) di SMP Negeri 6 Singaraja. Metode penelitian yang digunakan pada penelitian ini ialah metode penelitian deskriptif kualitatif yaitu penelitian dengan turun langsung kelapangan. Dalam penelitian ini penentuan subyek dan obyek penelitian dengan menggunakan teknik *purposive sampling*, merupakan pengambilan data dengan beberapa pertimbangan agar data tersebut nantinya lebih mewakili semua. Pengumpulan data menggunakan metode observasi, wawancara, dokumentasi dan studi kepustakaan. Pengecekan keabsahan data diperoleh melalui triangulasi data, triangulasi metode dan triangulasi sumber.

Hasil penelitian ini menunjukkan bahwa : (1) Nilai-nilai karakter yang diterapkan melalui kegiatan OSIS yang didalamnya hampir menerapkan ke-18 nilai-nilai karakter kepada siswa ataupun seluruh warga sekolah sesuai dengan porsinya masing-masing. (2) Salah satu upaya pembentukan karakter siswa melalui kegiatan OSIS dengan mengikuti berbagai kegiatan yang sudah dirancang oleh OSIS, karena didalam kegiatan tersebut dapat membentuk karakter siswa diantaranya dengan ikut serta dalam LKDS (Latihan Dasar Kepemimpinan Siswa), selain itu kegiatan OSIS lainnya yang dapat membentuk karakter siswa dengan mengadakan razia disetiap hari sabtu mampu meningkatkan kedisiplinan seluruh siswa di sekolah. (3) Adapun kendala-kendala dalam upaya pembentukan karakter siswa melalui kegiatan OSIS diantaranya kurang percaya dirinya anggota OSIS ataupun pengurus OSIS dalam melaksanakan kegiatan ataupun mengikuti kegiatan, susahnya mengatur jam antara bermain, belajar, dan berorganisasi, hal ini terjadi dikarenakan latar belakang dan ekonomi siswa yang berbeda-beda.

Kata Kunci : Upaya Pembentukan Karakter Siswa, Melalui Kegiatan OSIS.

Abstract

This study aims to determine the effort to shape student character through the activities of intra-school student organizations (OSIS) in SMP Negeri 6 Singaraja. The research method used in this study is a qualitative descriptive research method that is research with direct decrease in spaciousness. In this study the determination of subjects and research objects using purposive sampling techniques, is data retrieval with several considerations so that the data will be more representative of all. Data collection using the method of observation, interviews, documentation and study of literature. Checking the validity of the data is obtained through data triangulation, method triangulation and source triangulation.

The results of this study indicate that: (1) Character values applied through OSIS activities in which almost 18 character values are applied to students or all school members according to their respective portions. (2) One of the efforts to form student character through student council activities by participating in various activities that have been designed by student council, because in these activities can form student characters including participating in LKDS (Student Leadership Basic Training), in addition to other student council activities that can shape the character of students by conducting raids on every Saturday able to improve the discipline of all students in the school. (3) The obstacles in the effort to form student character through student council activities include lack of confidence in the student council members or student council organizers in carrying out activities or participating in activities, the difficulty of regulating hours between playing, studying, and organizing, this happens because of background and economic different student.

Keywords: Efforts to Form Student Character, Through Student Activities.
