Great thanks are given to I Putu Ngurah Wage Myartawan,. S.Pd., M.Pd as the academic supervisor and all lecturers of English Language Education for giving the writer precious knowledge, experiences, advices, suggestions, and motivations during the past these years.

Appreciation and gratefulness are expressed to the head masters of Vocational High School number 1, Vocational High School number 2 and Vocational High School number 3 that have giving a chance to conduct the research there. The writer says appreciation to the students and teachers who have been willing to participate on my study.

Further, the writer would like to express her sincere gratitude to her great parents, Drs. Nyoman Mudarna and Nyoman Remin whose loves are never ending and whose prayers are always with the writer. Thank you for always giving the best for the writer’s education. Thank you for never being tired in supporting the writer emotionally and financially. The writer could not say anything toward all the effort and tiredness that you both have been gone through in order to see the writer standing in this phase.

A bunch of love would be delivered to Kadek Dwipayana who always supports the writer no matter how hard the study conducted and would finally be finished. The presence of this human is priceless for the writer because he has been very patient in handling the writers’

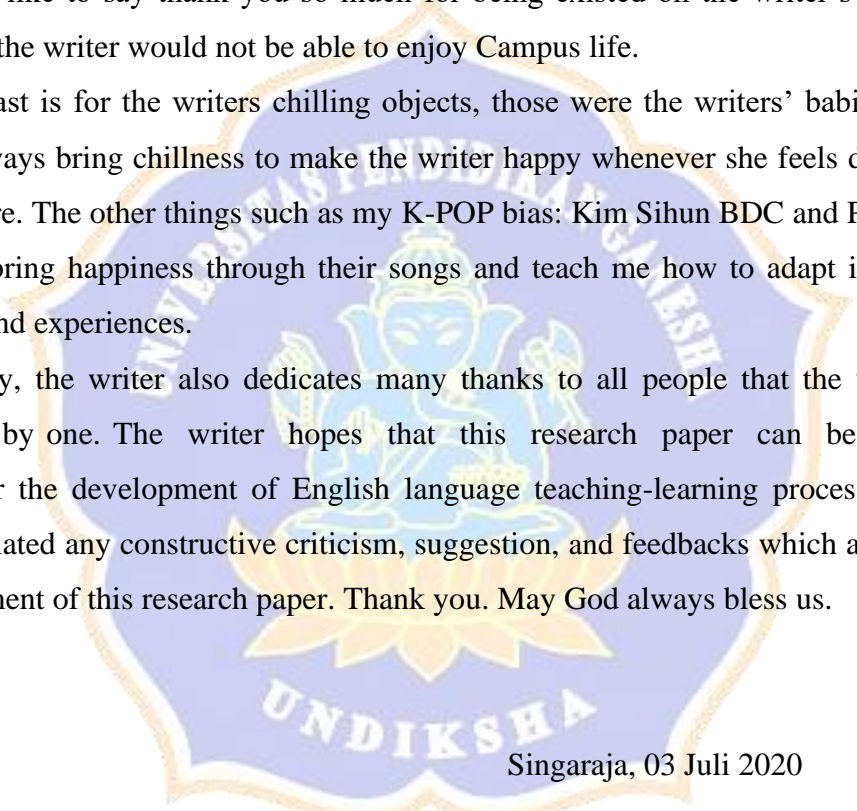

mood and maintaining the writer progress to make sure this research has been worked every day. The writer would not be able to finish this thesis without this person presence.

The other supporting systems of the writer are Lina Tetri, Juita Amare, Dwi Widiantari whose the writer's sisters have giving their support and time for making the writer have a chance to finish this study. Those people who stayed in the writers' circle to make her feel more comfortable in making her research. The writer would say a lot of thankfulness for always beside her.

The other people whose want to be the writer's true friend, Gek Dewi, Lisa and Triya that always delivered their support via whatsapp and another communication platforms, the writer would like to say thank you so much for being existed on the writer's life. Without those people the writer would not be able to enjoy Campus life.

The last is for the writers chilling objects, those were the writers' babies Boli, Vili, Moti that always bring chillness to make the writer happy whenever she feels down because of the pressure. The other things such as my K-POP bias: Kim Sihun BDC and Park Jinyoung GOT7 who bring happiness through their songs and teach me how to adapt in this life by their words and experiences.

Finally, the writer also dedicates many thanks to all people that the writer cannot mention one by one. The writer hopes that this research paper can be useful and beneficial for the development of English language teaching-learning process. The writer really appreciated any constructive criticism, suggestion, and feedbacks which are needed for the improvement of this research paper. Thank you. May God always bless us.
