### **APPENDIX 4: INSTRUMENT'S VALIDATION**

### A. CONTENT VALIDITY: READING PERCEPTION SCALE

- 1. The purpose of validation is to ensure the content validity of the Reading Perception Scale following Alan & Gary's theory (2011).
- 2. They developed three indicators namely 1) experience, motivation, and emotional state, 2) time allocation for reading, and 3) additional meaning or value of reading, especially directed to reading indicators, namely: the title, main idea, specific information, textual reference, and word meaning.
- 3. Please rate your agreement to the above indicators and descriptors by rating 1 = strongly disagree; 2 = disagree; 3 = agree; 4 = strongly agree.
- 4. Please put a check ( $\sqrt{ }$ ) in the column provided for the rating.
- 5. Thank you.

### C. READABILITY: READING HABIT SCALE

- 1. The purpose of validation is to ensure readability of the Reading Habit Scale following Verplanken's theory (2003).
- 2. Three indicators of reading habit were developed, they were, 1) frequency or the repetition of reading daily or weekly, 2) intentionality in reading, and 3) uncontrollable behavior and unconsciously to read.
- 3. Please determine your agreement on indicators and items in the column provided.
- 4. Please put a check  $(\sqrt{})$  in the column provided for the rating.

#### **APPENDIX 12: READABILITY VALIDATION BY JUDGE 2**

### A. READABILITY: READING PERCEPTION SCALE

- 1. The purpose is to ensure readability of the Reading Perception Scale following Alan & Gary's theory (2011), especially consistency of the indicators and items developed in the instrument.
- 2. They developed three indicators namely 1) previous experience, 2) time allocation for reading, and 3) additional meaning or value of reading, especially directed to reading indicators, namely: the title, main idea, specific information, textual reference, and word meaning.
- 3. Please determine your agreement to the above indicators and items in the column provided.
- 4. Please put a check ( $\sqrt{\ }$ ) in the column provided for the rating.
- 5. Thank you.

### **B. READABILITY: READING INTEREST SCALE**

- 1. The purpose is to ensure readability of the Reading Interest Scale following Crawley and Mountain's theory (2003).
- 2. The six indicators were developed to measure the students reading interest in terms of 1) students' experience in previous times, 2) students' rejection on reading, 3) students' interest on reading, 4) students' interest on topics of reading, 5) pressure they feel on reading, 6) complexity of topics.
- 3. Please determine your agreement to the above indicators and items in the column provided.
- 4. Please put a check  $(\sqrt{})$  in the column provided for the rating.
