ABSTRAK

Penelitian ini dirancang dalam bentuk penelitian deskriptif kualitatif. Penelitian ini memiliki tujuan untuk mengetahui bentuk jargon, makna jargon, dan fungsi dari jargon. Penelitian ini fokus pada jargon yang digunakan oleh komunitas penenun tradisional di Bali. Data dikumpulkan dengan cara observasi dan wawancara. Tiga narasumber diwawancarai pada saat interviu. Dari hasil wawancara, empat puluh satu jargon ditemukan. Hasil data memperlihatkan ada dua bentuk dari jargon yaitu, kata dan frasa. Berdasarkan arti dan fungsi jargon, mereka dibagi menjadi tiga ketegori yaitu, proses, penamaan alat dan bahan, dan penamaan motif. Setiap jargon memiliki makna dan fungsi. Fungsi dari jargon membantu penenun untuk berkemunikasi satu sama lain, membuat orang lain dari luar komunitas mengerti mengenai arti jargon yang digunakan oleh komunitas penenun tradisional Bali di Desa Gelgel, Kabupaten Klungkung. Jargon tersebut memiliki perannya sendiri yang digunakan oleh penenun dalam proses membuat Songket, menamai setiap alat dan bahan, dan juga nama dari setiap motif.

ABSTRACT

This research was designed in the form of descriptive qualitative research. This research had purposes on finding out the forms of jargons, the meanings of jargons, and the functions of jargons. This study focused on the jargons that are used by the traditional weaving community in Bali. The data were collected by using observation and interview. Three informants were being interviewed. From that interview, there were forty-one jargons were found. The result of the data showed that there were two forms of jargons namely, word and phrase. Based on the meanings and the functions of the jargons, they were divided into three categories namely, process, naming of each tools and ingredient, and naming of each motif. Each jargon has meaning and function. The functions of the jargons help the weavers to communicate each other, make people outside the community understand about the meanings of jargons that are used by Balinese traditional weaving community in Bali at Gelgel village, Klungkung regency. The jargons have their own role used by weavers during the process of making Songket, naming each tools and ingredient, and also naming of each motif.
