one day my uncle told me about his childhood. when he was ten years old, he liked to climb at mango tree. he usually climbed the tree with some friends. Then they picked some mangoes without permission. Yap, they liked to steal mangoes. They frequently ate mangoes on the tree. They had prepared a fruit peeler and a plastic bag for the garbage. what a good preparation! They didn't want to throw the garbage everywhere. They kept the environment clean. That's a good point. But stealing fruits is a bad point.

There was one owner who was really angry to them. Then he came to the kids' parents and asked for much money for the mangoes they had eaten. Their parents couldn't afford it. The owner gave them some weeks to pay or he would call the police. Then he and his friends tried to earn money to help their parents. After school

### Membuat Kolam Ikan Making Fish Ponds

During last year's vacation I didn't travel anywhere. I only spent my time at home for one week. This is not a bad thing because (I have<sup>had</sup> activities for me to do.) I have a small project that is making fish ponds at home.

All I need is building sand, cement, and also some building tools. I chose the side part of my yard for me to build a fish pond. After that I started to design the plan, I would take care of some fish, so I made the pool design as beautiful as I could. I chose natural scenery as a model. I worked on the project alone. I feel very happy to do it. I finished it in just four days. In the end I had a fish pond with a natural. Before I put some fish into the pond, I first filled it with water and waited for it for several days to ensure that the water was completely free of toxins. And at the last stage, I bought several fish and kept them in my new fish pond.

It is a pleasant experience to spend <sup>particle</sup> vacation

### Tirta Yatra

On vacation yesterday my father and I went to Nusa Penida to see the temples there with my extended family in the village. On the way to Padang Bai, because the harbor was there, I was very happy because it was the first time I boarded a boat.

After arriving at the temple we immediately prayed at the Giri Putri Temple and the Cave Goa Temple. In the cave, our daughter prayed 4 times. After finishing there we went straight to the peak of Mang Temple and finally in the temple of the Dalem Ped.

When in the palace our ped rushed because the port would close. Luckily we were able to be on time and we immediately looked for tickets to return to Padang Bai.

On the way I was very ~~sleepy~~ sleepy because I was tired. After I woke up suddenly it was at home.

And this is my experience.

My Holiday with My Family at  
 Pangandaran Beach

Last month was New Year holiday. I and my family  
 want to Pangandaran beach for a vacation. We took a  
 tourism bus to go there. We left at 07.00 o'clock in  
 the morning. The trip took about four hours and we  
 arrived at around 11.00 am.

As we arrived there, I walked down to the beach.  
 It was a nice sunny day with a blue sky and a  
 gentle breeze. I saw some seagulls flew around  
 hunting for fish. The waves there were suitable for  
 swimming, but I didn't swim because I couldn't swim  
 and I only play with the water on shallow part. We  
 also didn't miss our opportunity have taking some  
 pictures with the background of scenic pangandaran  
 beach.

Before we went home, I looked for some  
 beautiful souvenir at the nearby shop there.
