Appendix 5 The Result of Questionnaire

<u>The Result of Questionnaire by Using Koyan's Formula</u>

In here, the maximum score is 5 and the minimum score is 1. The Mi and SDi

formulas are presented as follows.

$Mi = \frac{1}{2}$ (max. score + min. score) $SDi = 1/6$ (max. score – min. score)

$Mi = \frac{1}{2}$ (5.00 + 1.00) $SDi = 1/6$ (5.00 – 1.00)

$Mi = 3.00$ $SDi = 0.667$

Therefore, based on the results of Mi and SDi, the categorization of the result

of the questionnaire was formulated as follows.

No.	Criteria	Interval	Qualification
1.	$Mi + 1.5\ SDi \leq M \leq Mi + 3.0\ SDi$	$4.0005 \leq M \leq 5.001$	Very Strong
2.	$Mi + 0.5\ SDi \leq M < Mi + 1.5\ SDi$	$3.3335 \leq M < 4.0005$	Strong
3.	$Mi - 0.5\ SDi \leq M < Mi + 0.5\ SDi$	$2.6665 \leq M < 3.3335$	Neutral
4.	$Mi - 1.5\ SDi \leq M < Mi - 0.5\ SDi$	$1.9995 \leq M < 2.6665$	Weak
5.	$Mi - 3.0\ SDi \leq X < Mi - 1.5\ SDi$	$0.999 \leq M < 1.9995$	Very weak

15. Does the programmer capable of maintaining your problem in operating Undiksha Moodle E-Learning platform?

16. What features should be added at of Undiksha Moodle E-Learning platform?

Answers:

Student 1

1. In my opinion, learning using E Learning Undiksha affects the provision of material, delivery of assignments, and also in providing feedback for our assignments.

2. difficulties usually occur when there is a problem on an unstable server, but for using the features on e-learning, I have no trouble

3. I usually use smartphones and laptops, but in my opinion accessing e-learnin is easier by using a laptop or desktop

4. In my opinion, the first advantage of using Undiksha e learning is that we make it easier to access because we already have an Undiksha account and don't need to create it again, the second is that the distribution of material in the form of writing, pictures, and videos is easier, the third is a discussion forum for lecturers and students

5. in my opinion this is quite useful in getting material and collecting assignments

6. in my experience, no

7. I don't think so, because e learning is only used for soft copy of material files and submission of assignments

8. never, because Undiksha e learning will only show one's own works

9. the due date can motivate me because by looking at the due date we can see how much time we have so we can manage our time

10. in my opinion it's not a big problem, we just need to do manual refresh

11. So far, every time I take the course, it requires a code approval

12. So far, I never found any challenges when utilizing Undiksha Moodle E-Learning

13. Yes, I quite often participate in discussions on E Learning Undiksha

14. never, because the operation of Undiksha e learning is quite easy

15. In my opinion, programmers are able to solve the problem, because the errors that occur can be handled quickly

16. Maybe we need to add a feature such as a discussion forum is not only for in class or in one course, but discussions for all students who are online

Student 2

1. I think Undiksha e-learning can help me in a pedagogical course because by using e-learning we can change the way we learn which can contain the efficiency of time and place because using e-learning can be used anywhere

2. So far, what I have experienced is sometimes because of the large number of students using the same platform, they cannot enter the Undiksha platform or maybe this is also due to my internet network

3. I think, if I can choose 2 I will choose laptop and handphone because I use two of them at the same time

4. more efficient and doesn't take up much space because we can access it anywhere as long as there is still a connection

5. I think, because currently we are doing social distancing to break the chain of spread of covid-19 so it is very useful to use Undiksha e-learning in pedagogical course because we can use it in the house without go to outside and meet other people directly, we can meet through zoom or google meet through virtual

6. No, I haven't.

7. Yes because I can search more easier the material from Undiksha e-learning that already prepared by the lecture that makes I just need to read the material

8. no, because in my opinion it is better to work alone even though the results are not very good but we can know the material being taught well

9. yes because the lecturer will reduce my score if I don't submit my assignments on time

10. I don't think it's a big problem because we can do a manual refresh

11. No

12. Internet connection, if I have a bad internet connection that will make I can't open the Undiksha e-learning

13. not really, because I need to learn more even though the discussion aims to increase knowledge and share knowledge but I still feel embarrassed to ask questions

14. yes, as I said before the problem I faced was an internet connection problem

15. I don't think so because it's an internet connection problem

16. maybe, can add the offline feature

Student 5

1. It does not only provide material in form of document but also in form of video and PPT. So, it helps me so much in learning.

2. When the internet connection is not stable. It will make me find any difficulties in operating this Moodle.

3. My PC. I feel comfortable when use my PC to operate the Moodle.

4. One of the benefits in using this Moodle is easy to be used. The instructions on this Moodle are easy to be followed.
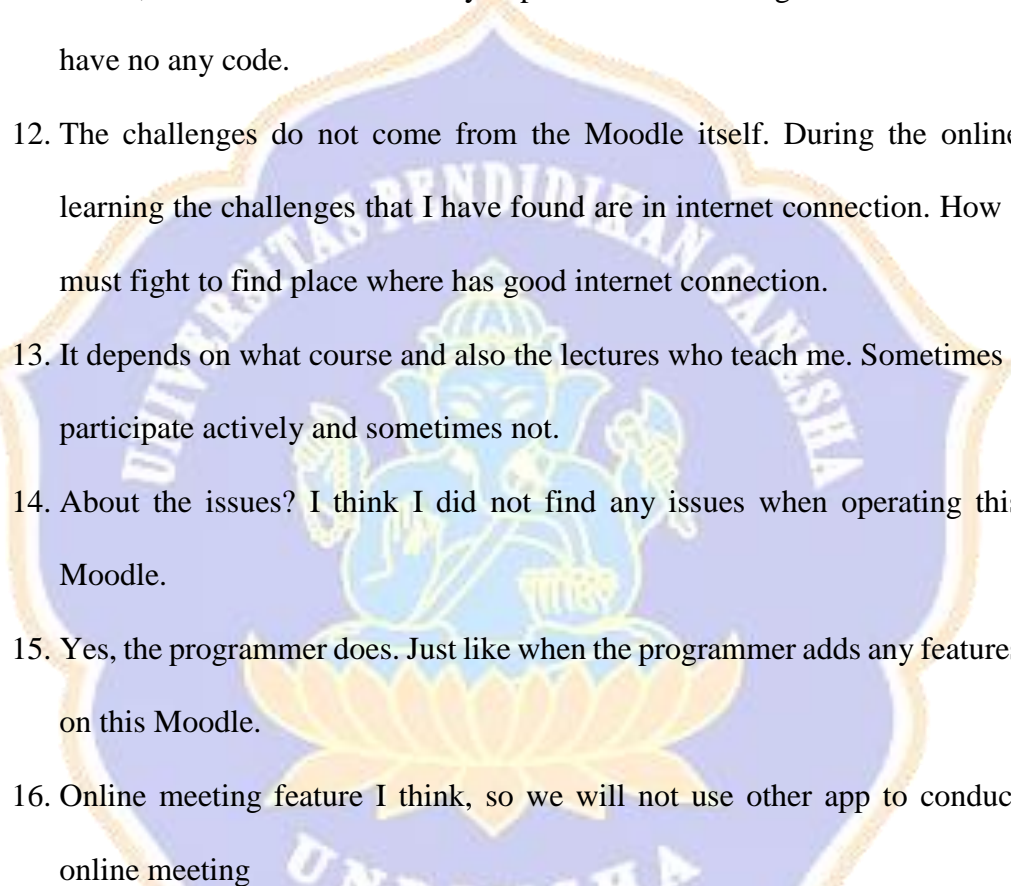

5. I think Yes, it is quite useful for me during the online learning process.

6. So far, I have no found any invalid resources.

7. Yes, it does. Why? Because the material that can be uploaded on this Moodle not only in form of Document but also in form of videos, PPT, and it also provides discussions slot.

8. No, I have no plagiarized my friends' work because I do believe in myself if I have done the best version of myself in doing any assignments.
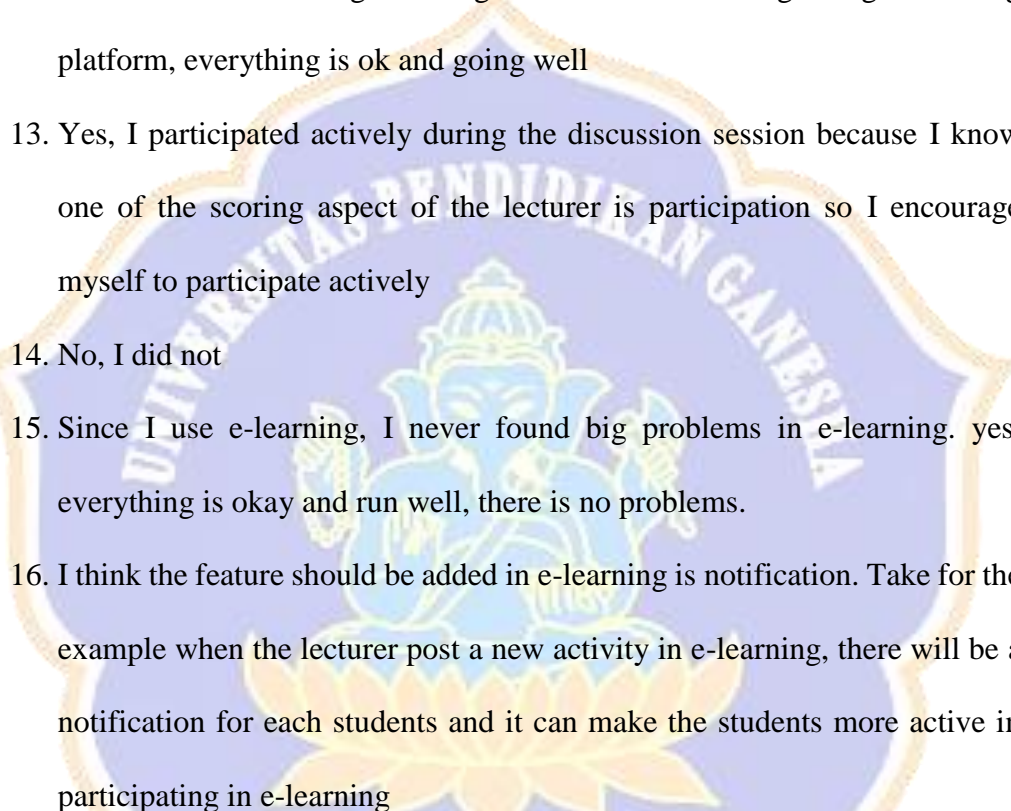

9. Due date always motivates me to accomplish my assignments. I do not know, how it motivates me. It just like a power which force me to make and accomplish the assignment punctually.

10. As long as it can be used by me, it is okay or no problem for me if it cannot auto refresh.

11. So far, it is so-so. I have no any experiences in entering the course which have no any code.

12. The challenges do not come from the Moodle itself. During the online learning the challenges that I have found are in internet connection. How I must fight to find place where has good internet connection.

13. It depends on what course and also the lectures who teach me. Sometimes I participate actively and sometimes not.

14. About the issues? I think I did not find any issues when operating this Moodle.

15. Yes, the programmer does. Just like when the programmer adds any features on this Moodle.

16. Online meeting feature I think, so we will not use other app to conduct online meeting

Student 9

1. Undiksha moodle e-learning platform influenced my learning process of pedagogical course because in e-learning the lecturer provides clear instructions and all the material from that course, so from that I can easier learn what should i learn, what should i achieve and it is very help me.

2. I am never feel difficult to operating e learning platform because I think it is very easy to use

3. The electronic device that i use to access e-learning is my laptop. I think using laptop is the best way to operating e-learning platform

4. The benefits are easy to use, easy to read the whole activity that I have to do during the learning process and also it is very easy to see the instructions from the lecturer

5. My experienced in using e-learning platform is very interesting especially to support me in online learning and it is very useful for me

6. I am never got invalid resources from the lecturer because since i use e-learning, the lecturer always give me a clear resources and all the resources are accessible

7. Yes, e-learning platform helps me learn individually because the instructions from the lecturer is clear state there and it is very helpfully during the learning process especially in online learning. from this platform i can manage and monitoring myself for learning and i can control myself in learning process.

8. I never plagiarize my friend's work because the lecturer give an instruction with the certain criteria like if I do a plagiarism so it makes me automatically cannot pass the course, so i never do that.

9. The due date give me a big motivation to finish my assignment because personally when I see the due date, it encourage me to finish my assignment soon

10. My opinion about the use of Undiksha moodle e-learning platform which cannot be auto refresh is it still okay, I can refresh it by myself and cannot do auto refresh it does not matter for me, I can refresh it by myself.

11. Yes, I have many experiences in entering the course in e-learning Undiksha since the first semester until sixth semester

12. I think there is no big challenges that I found during using e-learning platform, everything is ok and going well

13. Yes, I participated actively during the discussion session because I know one of the scoring aspect of the lecturer is participation so I encourage myself to participate actively

14. No, I did not

15. Since I use e-learning, I never found big problems in e-learning. yes, everything is okay and run well, there is no problems.

16. I think the feature should be added in e-learning is notification. Take for the example when the lecturer post a new activity in e-learning, there will be a notification for each students and it can make the students more active in participating in e-learning

Student 14

1. the Undiksha Moodle E-learning platform is easy to access, contains of some information from the lecturer like some attachment of the material that can be placed by they lecturer in that platform, so those things were motivated me in learning process

2. Based on my experiences, i did not get any difficulties during using or operating Undiksha Moodle E-learning platform.

3. I personally chose PC or laptop whether than smartphone for operating Undiksha moodle e-learning platform because it seems like screen appearance is clearer than using smartphone so from that any words would be easily seen rather than using smartphone, when using smartphone you must be zoom in for checking the words.

4. The benefits that i got are firstly I could be more responsible with the time limitation in finishing some assignments and the second there are lots of attachments that given by the lecturer so whenever I got confused, I could come back to see the attachment on Undiksha Moodle E-learning platform

5. It was very useful because i got lots of information by the lecturer and some benefits that already i stated on the previous question like i could be more responsible with the time of the deadline and this platform is easy to access

6. I could not said that 100% valid resources because sometimes especially in seminar on ELT, the lecturer gave us some resources in form of https or YouTube video that I did not know whether it was valid or invalid, but as long as i could get the material from that resources I think it was valid.

7. Yes, this platform already helped me in the learning process individually, because the lecturer not only gave us group assignment but also individual assignment which is very good for each student to be more active and responsible in doing the assignment and joining the learning process

8. I never plagiarize my friends' work because the lecturer would know when the students did the plagiarism.

9. In my opinion, the due date motivates me a lot when I want to finish the assignment and all the kind of the assignments, so I have to mark for the due

date to make standard for myself to finish the assignments. So it means a lot for me and it influences me a lot, from the due date I could know the standard of myself whether I could finish it or not.

10. I was disappointed with this thing because it will be better if the developer of this platform could make it automatically refresh whenever the students or lecturer operate the platform. I hope that the developer can fix it to be better, to be automatically refresh.

11. I did not have any problem in operating Undiksha Moodle e-learning platform out of any kind of approval code

12. In what I have experienced, I did not get any kind of challenges when I utilizing Undiksha moodle e-learning platform.

13. I strongly said yes. I do love participating in discussion section because in discussion session I could express myself in the comment in the form of writing, because there is no tools for giving a voice note so I giving my opinion in the discussion session

14. I did not find any kind of issues when i operating this platform

15. Yes, they do

16. I think there are 2 kind of features. The first one is the voice note or the tools for sharing the voice, so it helps the students to state their opinion by saying directly through voice note feature, besides it also helps the lecturer to assess the students' ability in any skills not only in writing. The next feature is a game, a space for the game, so this feature will be beneficially for the students and lecturer, the lecturer could design any variative game that

related to the material/ course, and for the students will not easily feel bored

when learning the lesson.
