QUESTIONNAIRE

The Technology Acceptance Model (TAM) is a theory developed by Davis (1993) which is used as a theory in this questionnaire. The Technology Acceptance Model (TAM) itself is an analytical method used to determine user acceptance attitudes towards technology (Fatmawati, 2015). Technology Acceptance Model (TAM) terdiri dari empat aspek yaitu : 1) Perceived usefulness of technology, 2) perceived ease of use of technology, 3) Attitude toward using the technology and 4) Intention to use technology. The questionnaire will be adopted and modified some aspect from the prior study by Weng *et al* (2018) with the title of the study “A TAM-Based Study of the Attitude towards Use Intention of Multimedia among School Teachers. The data will be analyzed using Linkert Scale and quantitative analysis technique to investigate how the students perceive the use of Google Classroom in English Learning Process on 9th grade students.

Table 3.1 Blueprint Instrument adapted from Weng *et al* (2018)

Field Note 1 (5 Maret 2021)	
Place	: Head Master Office of SMP Negeri 4 Tejakula
Time	: 08.00 – 09.30 WITA
Observer	: Ketut Widya Astuti
<p>At 08.00 A.M the researcher came to SMP Negeri 4 Tejakula with the aim of meeting with the Head of SMP Negeri 4 Tejakula. On that day, researcher came to deliver a letter of request for permission to conduct research related to the use of Google Classroom in the teaching and learning process of English in grade 9. The principal and researcher discussed the type of research to be carried out considering that currently the teaching and learning system is transferred to the online system. Researcher explain in detail the types of research, data collection techniques, and data collection mechanisms where data retrieval will be carried out online. The principal asked the researcher to contact Mr. Nyoman Sutha as English teacher in 9A, 9B, 9C, and 9D and Mr. Made Arya Budiayasa as English teacher in 9E, 9F, 9G, 9H for further discussion related to the class to be sampled in this study. Because on that day Mr. Nyoman Sutha and Mr. Arya were not at school, the researcher decided to meet him the next day.</p>	

Field Note (March, 8 2021)	
Place	: Teacher Office
Time	: 08.00 – 11.00 WITA
Observer	: Ketut Widya Astuti
<p>On March 8, 2021, at 08.00 am, researcher came to SMP Negeri 4 Tejakula to meet Mr. Nyoman Sutha, according to the direction of the head of SMP Negeri 4 Tejakula, researcher are invited to wait and discuss in the teacher's room. Not long after, Mr.</p>	

Nyoman Sutha entered the room and the researcher greeted him politely. The researcher conveyed the purpose of today's meeting by giving him a permit to request to do research. Mr. Nyoman Sutha and the researcher discussed the data collection mechanism from this study and also conveyed the three data collection techniques used by researcher in this study. The techniques were observation, questionnaires, and field notes. After discussing for a long time, Mr. Nyoman Sutha and the researcher agreed that observation activities could begin on March 9, 2021, while data collection in the form of a questionnaire would be carried out using an online system where the researcher would provide a link from Google Form to Mr. Nyoman Sutha then he would help send it to students who became the research sample were students in grades 9A, B, C, and D.

Field Note (March, 9 2021)

Place : Teacher Office

Time : 07.00 – 11.00 WITA

Observer : Ketut Widya Astuti

On March 9, 2021, at 07.00, researcher came to SMP Negeri 4 Tejakula to make observations regarding the use of Google Classroom in teaching English in class 9. These observations were made by observing all teaching activities carried out by Mr. Nyoman Sutha through Google Classroom. The researcher then took a picture in form of a screenshot related to the activity to be attached. Researcher also asked Mr. Nyoman Sutha to fill in the observation sheet in which there are seven aspects observed by researcher in implementing Google Classroom in the teaching and learning process of English in grade 9. Mr. Nyoman Sutha is willing to fill in the sheet and from the results of these observations, the researcher knows that Google

Classroom is used to send assignments and also discuss if students have questions related to the material in their books. Mr. Nyoman Sutha as an English teacher will instruct the students to learn the material independently and after that will send practice questions and daily tests through Google Classroom. Questionnaires were distributed to 9th-grade students A, B, C, and D on the same day. The mechanism for distributing the questionnaire is by providing a questionnaire link to Mr. Nyoman Sutha as the English teacher in that class. After that, Mr. Nyoman Sutha sent the link through the Whatsapp group. Students are given 4 days to fill out the questionnaire. On March 12, 2021, all student responses have been accommodated with a total number of 142 responses, where the number of respondents in class 9A was 32 students, in-class 9B was 37 students, class 9C was 37 people and class 9D was 37 people.

Field Note (April, 26th 2021)

Place : Teacher Office

Time : 07.00 – 11.00 WITA

Observer : Ketut Widya Astuti

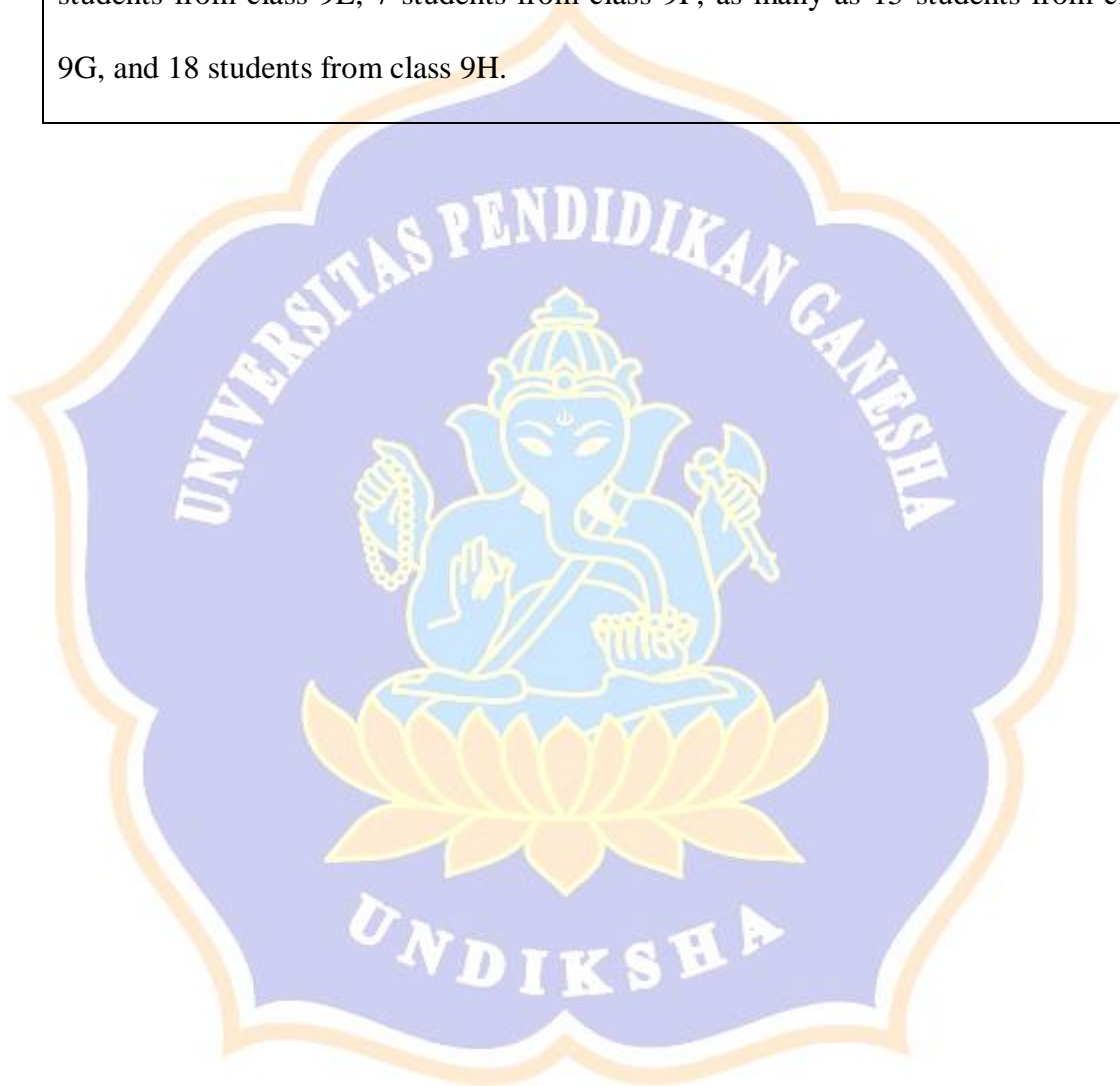

On April 26, 2021, researcher visited the school to meet Mr. Made Arya as an English teacher in classes 9E, 9F, 9G, and 9H. After getting permission to meet with Mr. Made Arya, the researcher then gave a permit to research at SMP Negeri 4 Tejakula as evidence that the researcher had obtained permission to conduct research and searched for data at the destination school and made Mr. Made Arya as a sample of the research conducted. After obtaining approval from Mr. Made Arya, the researcher then explained a little of the research design of the researcher and explained the data collection techniques used. After explaining this, Mr. Made Arya asked researcher to

directly make observations regarding how to implement Google Classroom in the learning and teaching process of English in 9E, 9F, 9G, and 9H classes. Meanwhile, the questionnaire data collection will be carried out the following day.

The researcher then immediately made observations and observed how Mr. Arya uses Google Classroom when teaching. The researcher also provided an observation sheet that contained seventeen aspects that were observed. After Mr. Arya filled out the observation sheet and physical evidence in the form of a screenshot of the activity of using Google Classroom in teaching, it can be concluded that both Mr. Nyoman Sutha or Mr. Made Arya uses Google Classroom as a platform to provide study instructions, send and receive assignments. The difference can only be seen at the stage of teaching where Mr. Made Arya continued to convey the learning objectives at each meeting that was held while Mr. Nyoman Sutha did not convey this. Apart from this, how to implement Google Classroom between Mr. Nyoman Sutha and Mr. Made Arya is the same.

Field Note (April, 27 2021)	
Place	: Teacher Office
Time	: 07.00 – 10.00 WITA
Observer	: Ketut Widya Astuti
On April 27, 2021, according to the instructions given by Mr. Made Arya previously, researcher were asked to come to school to collect data related to students' perceptions of using Google Classroom. After meeting with Mr. Made Arya, the researcher showed the questionnaire to be given to students in grades 9E, 9F, 9G, and 9H. After reading all the statements in the questionnaire, Mr. Made Arya helped researcher to distribute the questionnaire to their respective class groups via Whatsapp. Each class	

was instructed to fill out a questionnaire until the specified time limit, namely until April 29, 2021. After all the respondent data were entered, the researcher could calculate the number of students who responded and did not respond. Based on the results of the questionnaire, the number of students who filled out the questionnaire was 100 students from a total of 148 students. 48 students did not respond including 8 students from class 9E, 7 students from class 9F, as many as 15 students from class 9G, and 18 students from class 9H.
