ABSTRACT

The purpose of this study was to describe (1) The procedure of using Zello application with Drill methods on Matembang Pupuh Durma learning of Student XI IBB Class SMA Negeri 1 Kubutambahan, (2) The students' skills of Class XI IBB SMA Negeri 1 Kubutambahan after using Zello application with Drill methods on Matembang Pupuh Durma learning, and (3) The opinion of students from XI IBB Class SMA Negeri 1 Kubutambahan on the use of Zello application with Drill methods on Matembang Pupuh Durma learning. The basis of this research theory includes: (1) learning, (2) Drill method, (3) literature, (4) tembang, and (5) the Zello application. This research was used qualitative and quantitative descriptive data. The subject of this study was the students from XIB IBB class SMA Negeri 1 Kubutambahan and the object of this research was learning using Zello application on Drill method. The data collection methods include: observation, test, and questionnaires. The data obtained was reduced, classified and interpreted. The results showed that (1) Procedure of researchers as teachers used the Zello application on the Drill method in Matembang Pupuh Durma learning already based on the planning, (2) using Zello application on drill methods can improve the Metembang Pupuh Durma skills, there was an increase in the average score of students in cycle I 73.34, cycle II 80.16, and (3) the student opinion about Zello application on Drill method got a good category in cycle I, with the score of students' opinion was 26.6, in cycle II the students' score was 28, it was very good category. It shows that there is a good and significant influence when using Zello application on the drill method to improve the Matembang Pupuh Durma skill of students from Class XI IBB SMA Negeri 1 Kubutambahan.
