

## ABSTRAK

Ni Komang Yastini (2020), Evaluasi Pembelajaran Daring Pendidikan Jasmani Olahraga Dan Kesehatan (PJOK) SMA Kota Denpasar Pada Masa Pandemi Covid-19  
Tesis, Pendidikan Olahraga, Program Pascasarjana, Universitas Pendidikan Ganesha.

Tesis ini sudah disetujui dan diperiksa oleh Pembimbing I : Dr. I Ketut Yoda, S.Pd, M.Or dan Pembimbing II : Dr. Suratmin, S.Pd, M.Or

Penelitian ini bertujuan untuk mengetahui evaluasi pembelajaran daring PJOK SMA Kota Denpasar pada masa pandemi covid-19. Ditinjau dari konteks, input, proses dan produk. Metode penelitian ini adalah deskriptif kualitatif, jumlah sampel sebanyak 320 peserta didik. Instrumen penelitian yaitu: Kontek, Input, Proses dan Produk. Metode pengumpulan data observasi, dokumentasi, dan wawancara. Analisis data menggunakan uji CIPP antara lain reduksi data, display data, dan penarikan kesimpulan. Hasil penelitian ini menunjukkan: (1) pada variabel context diperoleh harga mean (rata-rata skor) sebesar 21,62 dibulatkan 22 terletak pada interval 21-22 termasuk dalam kategori baik dengan klasifikasi dipersentasekan sebesar 42,19% sangat baik, 36,87% baik, 9,37% cukup baik, sebesar 6,56% kurang baik, dan 4,69% berpendapat sangat kurang baik. (2) pada variable infut diperoleh harga mean (rata-rata skor) sebesar 37,52 dibulatkan 38 terletak pada interval 35-39 termasuk dalam kategori baik, dipersentasekan menjadi 44,06% sangat baik, 37,50 % baik, 7,81% cukup baik, 6,25% kurang baik, dan 4,37% sangat kurang baik. (3) variable process diperoleh harga mean (rata-rata skor) sebesar 29,98 dibulatkan 30 terletak pada interval 29-31 termasuk dalam kategori baik. sebesar 42,18% siswa sangat baik, 34,37% baik, 10,00% cukup baik, 7,81% kurang baik, dan sangat kurang baik. (4) variable product diperoleh harga mean (rata-rata skor) sebesar 12,57 dibulatkan 13 terletak pada interval 12-13 termasuk dalam kategori tinggi. Kesimpulannya. evaluasi proses pembelajaran PJOK secara daring peserta didik di SMA Negeri dan Swasta Kota Denpasar Pada Masa Pandemic Covid-19 terbukti tinggi, dievaluasi menggunakan model CIPP dengan Program SPSS.21.00

*Kata kunci:* evaluasi, pembelajaran, daring, PJOK, CIPP

## ABSTRACT

Ni Komang Yastini (2020), Evaluation of Online Learning for Physical Education in Sports and Health (Pjok) for Denpasar City High School During the Covid-19 Pandemic Thesis, Sports Education, Graduate Program, Ganesha University of Education.

This thesis has been approved and reviewed by Advisor I: Dr. I Ketut Yoda, S.Pd, M.Or and Advisor II : Dr. Suratmin, S.Pd, M.Or

This study aims to determine the evaluation of online learning at PJOK SMA Denpasar City during the covid 19 pandemic. Judging from the context, input, process and product. This research method is descriptive qualitative, the number of samples is 320 students. The research instruments are: context, input, process and product. Data collection methods are observation, documentation, and interviews. Data analysis using the CIPP test includes data reduction, data display, and drawing conclusions. The results of this study indicate: (1) in the context variable, the mean value (average score) is 21.62 rounded 22 lies in the intervals 21-22 which is included in the good category with a percentage classification of 42.19% very good , 36.87% good, 9.37% is quite good, 6.56% is not good, and 4.69% is very poor. (2) on the input variable obtained the mean value (average score) of 37.52 rounded 38 located in the 35-39 interval included in the good category, percentage is 44.06 % verybgood, 37.50% good, 7.81% pretty good, 6,25 is not good, and 4.37% is very poor. (3) the process variable obtained the mean value (average score) of 29.98 rounded up to 30 located at interval of 29-31 included in the good category, 42.18 of students are very good, 34.37% are good, 10.00% are quite good, 7.81% are not good and very poor.. (4) the product variable obtained the mean value (mean score) of 12.57 rounded up to 13 located in the 12-13 interval included in the high category. In conclusion. evaluation of the online learning process of PJOK of students in Denpasar City Public and Private High Schools During the Covid-19 Pandemic, Perriod proven to be high, evaluated using the CIPP model with the SPSS Program. 21.00
