ACKNOWLEDGEMENT

First and foremost, the writer would like to praise and state the gratitude for almighty God, for the blessing and kindness in leading the writer to complete this thesis entitled **“An Analysis of Code-Mixing Used by English Language Education Graduates in Social Media (Instagram) Networking”**. There are also some people who help and guide the writer during the process of completing this thesis. Therefore, the writer would like to give heartfelt gratitude to:

1. Dr. I Gede Budasi, M.Ed. as the first supervisor, and Kadek Sintya Dewi, S.Pd., M.Pd. as the second supervisor who always guides the writer by giving directions, corrections, suggestions, and motivations to improve the quality of the writer's writing.
2. Dr. I Gede Budasi, M.Ed. as the writer's academic advisor and the one who encouraged the writer to write the research paper properly.
3. All lecturers in English Language Education had given the writer countless supervision and knowledge.
4. To English Language Education graduate students who are willing to provide the information as data for this thesis.
5. The writer's family especially parents who always support and never give up on the writer until he finished this thesis.
6. To writer's friends who give support and share information about the thesis.

Finally, the writer hopes this research study will be useful for those who read this study about types of *code-mixing* and the reason underlying the use of *code-mixing*. Furthermore, the researcher is aware that there are mistakes and errors from the inexperience of the writer in writing this thesis. Therefore, suggestions and critics for this thesis are welcomed.
