## **Abstract**

*The purpose of this study was to describe (1) the stage of teacher readiness to carry out online learning in Balinese language at SMP Negeri 11 Denpasar during the Covid-19 pandemic, (2) the online learning process in Balinese at SMP Negeri 11 Denpasar during the COVID-19 pandemic, (3) the results of the implementation of online learning in Balinese at SMP Negeri 111 Denpasar during the covid-19 pandemic. The research method used in this research is descriptive qualitative and quantitative descriptive data analysis. The data collection method used is the method of observation, interviews, and questionnaires. After that, the researcher conducted (1) data identification, (2) data classification, (3) data reduction, (4) data description, (5) data supervisor, and (6) conclusion. The results obtained in this study are (1) the stage of teacher readiness in carrying out online learning of Balinese at SMP Negeri 11 Denpasar which is said to be in accordance with the policies made by the government regarding the Covid-19 Pandemic situation, (2) the process of learning Balinese at SMP Negeri 11 Denpasar has been carried out online in accordance with the Covid-19 pandemic emergency curriculum, (3) the results of the implementation of online learning Balinese at SMP Negeri 111 Denpasar during the covid-19 pandemic can be seen from the declining student scores compared to students' scores during face-to-face implementation. In advance, students also argue that teachers should increase teaching creativity and students can understand the material. In addition, students also hope that the COVID-19 pandemic will end quickly and learning can be carried out in schools.*
